## NOVA SCOTIA VOTE RETURNS LIBERALS WITH WIDE MARGIN

Government of Premier Macdonald Secures Twenty-Five of Thirty Seats—Conservatives Elect Five, but Col. Harrington, Leader, Is Defeated—All Cabinet Ministers Are Re-elected

HALIFAX, June 29 (P).—Premier Angus L. Macdonald's Liberal Government today was swept back into power in the Nova Scotia general elections on a tide of votes that won for it twenty-five of the Legislature's thirty seats and sent Opposition Leader Gordon S. Harrington down to personal defeat in his own riding.

Five Conservatives were elected, three less than in 1933. All Cabinet Ministers were returned with substantial majorities.

Liberals were victorious in all five Halifax seats—three in the city, two in the county. They swept all eight in Cape Breton Island.

The adjoining counties of Cumberland and Colchester returned four of the five Conservatives elected. The fifth came from Queens, on the south shore. In Cape Breton East, only three-cornered fight of the day, Rev. W. T. Mercer, Labor, beat out the Conservative candidate but lost to a Liberal.

VANCOUVER, June 29 (P).—The Sun Life Assurance Company of Canada today became landlord to the majority of British Columbia's Doukhobors.

## TO CELEBRATE HOLIDAY HERE

Dominion Day and Anniversary Will Be Marked by Four-Day Programme

A four-day celebration to mark Dominion Day and the city anniversary of incorporation will commence off the Causeway at 10:30 o'clock tomorrow morning with a through Victoria singles, doubles and fours rowing race. Between 11 o'clock and noon, time trials for motor boat racing will take place at Elk Lake.

First events of the annual N.P.A.A. Regatta will commence at Elk Lake on Thursday afternoon at 1 o'clock with oarsmen from British Columbia, Washington and Oregon participating. Regatta contests will commence at 3 o'clock Friday and Saturday afternoons.

## SOFTBALL GAMES

A twin-bill softball exhibition will be held Thursday with the matinee attraction at 2:30 and the evening fixture at 8:15 o'clock. Watkins-Winslow nine, leaders of the Vancouver softball league, will provide the opposition for two local teams. They will play the Longshoremen in the afternoon, and meet Kent's in the second game.

New Westminster Adanacs will be seen in action with a boxa team from Richmond in Royal Athletic Park at 8:30 o'clock Friday evening. The game will be played under supervision of Alderman T. W. Hawkins.

## TRACK CHAMPIONSHIPS

British Columbia track and field championships, featuring leading athletes from Up-Island, Vancouver and Interior points, will take place in Macdonald Park at 2 o'clock Saturday afternoon.

Celebration events will conclude with a fireworks display in the Inner Harbor at 8:45 o'clock Saturday evening, and a band concert in Beacon Hill Park Sunday afternoon.

## MANY CLUES BUT NO ARREST YET

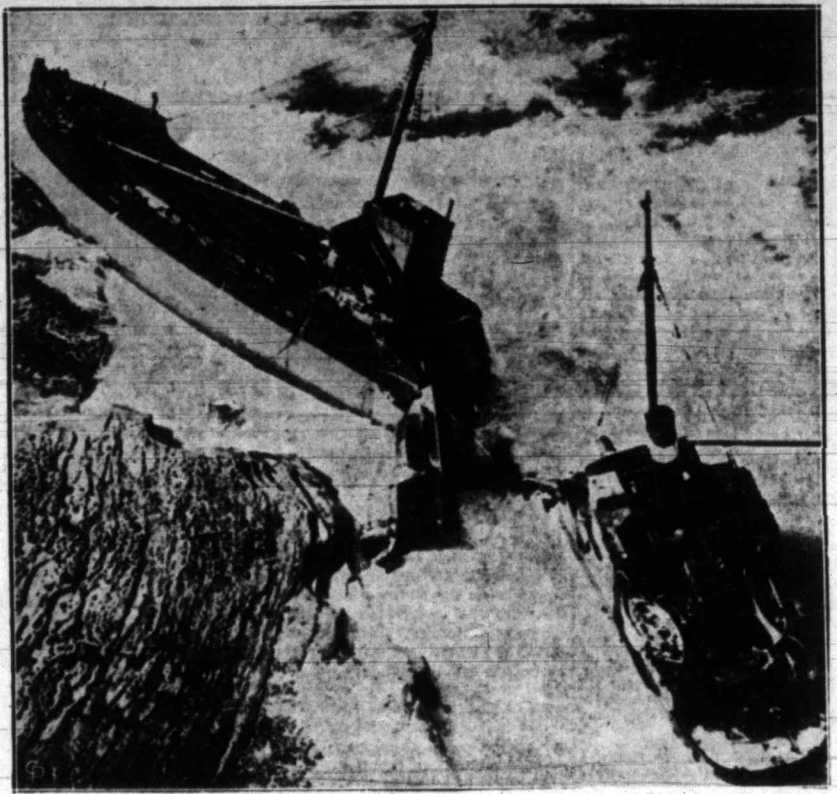

INGLEWOOD, Cal., June 28 (P).—A vast assortment of clues confronted police officers today as they sought the man who lured three young girls from a park to the Baldwin Hills Saturday, attacked and strangled them to death with lengths of clothesline rope.

In their search the officers concentrated on finding a man thirty to thirty-five years old with tattooing on one arm and dressed in work clothing; and two automobiles. One is a black sedan, the other a fenderless 1929 or 1930 model Ford with a delivery box back.

## Ship Broken in Half After Wreck in Storm

A dramatic picture made from an airplane, showing the broken hull of the Ss. Minmi, as she appeared the morning after she had run ashore on Cape Banks, Botany Bay, New South Wales, during a heavy fog. Two of the crew of twenty-five died as victims of the lashing force of the sea, which broke the vessel completely in half.

## Ohio Strike Flares Anew As Bombs Wreck Plants; C.I.O. Leaders Blamed

**Pilechards Unpalatable But Pays Plants Pretty Profits**

SEATTLE, June 29 (P).—The lowly and unpalatable pilechard has given Northwest fishermen a profitable industry, the Bureau of Fisheries reported today. In the year following repeal of the law prohibiting reduction of these tiny, oily, sardine-like fish, they had brought \$100,000 to their catchers.

Two plants at Aberdeen and Anacortes, the Bureau reported, processed 13,114,000 pounds of the fish into butter substitutes, shortening, soaps, fertilizer, poultry food and paint bases.

Although this industry has returned a profit, salmon men express fear that large catches will depreciate the food supply for adult Chinook and silver salmon.

## Civic Committee To Press Ottawa For Airport Here

Greater Victoria Board Seeks Landing Field and, Supported by Public Organizations, Will Make Survey of Area for Suitable Locations—Minister of Transport Coming

A STRONG plea will be made to Hon. C. D. Howe, Minister of Transport, to have the Federal Government establish an auxiliary landing field here for Trans-Canada Airways, Greater Victoria Airport Committee decided at a meeting in the City Hall committee room yesterday afternoon. Alderman Archie Wills presided at the gathering, attended by representatives of the City Council, Chamber of Commerce, Oak Bay, Saanich and Esquimalt.

It was moved by Harold Husband, seconded by Duncan MacBride, that a committee be appointed to examine various locations suitable for a landing field and ascertain cost of acquiring the property by the Federal Government. R. H. B. Ker moved and Alderman S. H. Okell seconded a motion that the committee draw up a brief stressing the need of such a field here. Councillor John V. Johnson moved and W. O. Wallace seconded a motion that the committee also inquire about removal of restrictions against seaplanes landing in the Inner Harbor. All motions passed.

Alderman Wills appointed Ernest Eve, Mr. Husband, Mr. Ker, C. H. Shaw, director of marketing services, headed the party.

## Padlocked Piano Stays Padlocked for Damages

VANCOUVER, June 29 (P).—Magistrate MacKenzie Matheson late today briefly lifted his padlock order from a downtown house to allow the exit of a piano, but the lock was snapped back when the landlord said he was keeping the piano for damage done to the house.

The house was one of several padlocked Friday under a section of the British Columbia Liquor Act, as alleged bootlegging establishments.

At the scene of the other lock-in Tony Boraso said he was catching up on sleep and his wife and their three-year-old daughter seemed worried by the padlock on their door.

## CHAUTEMPS HAS FULL SUPPORT FOR BILL FOR FINANCIAL POWER

**Long Vacation Starting Today In B.C. Schools**

UPWARDS of 120,000 school children and their instructors will start their long vacation today throughout British Columbia, when public schools close for the two-month summer holidays. There will be no extra days this year as in last, the new term being scheduled to open on September 1. High school entrance and matriculation results will be known towards the end of July, with results in other grades to be announced before that through the schools.

**Chamber of Deputies Rejects Amendments to Lessen Government's Freedom in Dealing With French Financial Crisis—Finance Minister States Government Will Devalue Franc**

## All-Night Session Becomes Fiery Before Vote Recorded

PARIS, June 30 (P).—The Chamber of Deputies early today approved the Chautemps Government's extraordinary financial powers bill by a vote of 380 to 228. The Chamber rejected three amendments which would have qualified the powers the Government demands in order to meet the financial crisis.

**Leads Nova Scotia's Victorious Party**

The measure would authorize the Government to promulgate decrees "tending to assure suppression of attacks on Government credit, fight against speculation, promote economic recovery, control prices and balance the budget."

It will go before the Senate this afternoon.

**FURTHER DEVALUATION**  
Financial observers professed belief that Finance Minister Georges Bonnet's programme would include further devaluation of the franc, possibly without fixing a definite price. Havas News Agency said the franc might go to 3.95 cents, compared with Monday's closing quotation of 4.46 cents.

Bonnet, who rushed home from Washington, where he was ambassador, to assume the finance portfolio, was declared by members of the Chamber's finance committee to have stated in a private session that

## ISLANDS CAUSE OF FLARE UP

Rival Claims of Russia and Japan Create Tense Situation

MOSCOW, June 29 (P).—The Japanese Embassy tonight announced agreement with Russia to withdraw armed forces from the Bolshoi and Sennukha Islands in the Amur River, boundary between Siberia and Northeast Manchukuo.

A Japanese communique said the agreement paved the way for amicable discussions over disputed Russo-Japanese claims to sovereignty of the islands.

The Russian Foreign Office said the Japanese version of lengthy deliberations between Mamoru Shigemitsu, Japanese Ambassador to Russia, and Maxim Litvinov, Commissioner of Foreign Affairs, was not precise. It refused, however, to divulge any further details.

**ACCEPTED ADVICE**  
The Japanese Ambassador said Litvinov accepted his advice that an amicable final settlement could be reached only after the Soviet troops were removed.

Neither side would budge from its claims of sovereignty over the river islands, creating a situation which was regarded here as one of the tensest in recent Russo-Japanese relations.

Russian dispatches from Siberia charged the clashes to "provocative" attempts to block navigation on the Amur and then seize the islands, which the Soviet claims under treaties nearly a century old.

In Tokio, Japanese officials invoked a mutual assistance pact with the Japanese-inspired State of Manchukuo against what it termed Russian invasion of the islands.

## CAR DIVES FROM ROAD; THREE DIE

Automobile Plunges Two Hundred Feet Into Kettle River Near Grand Forks—Bodies Found

GRAND FORKS, B.C., June 29 (P).—The body of the third victim of a 200-foot car plunge that cost three lives today was recovered late tonight from the Kettle River, and police turned their attention toward an investigation into the fatality.

The body of Carl Washburn, twenty-five, of Grand Forks, was taken from the river into which the car plunged from the highway 200 feet above. The bodies of Chester Mills, fifty-eight-year-old pioneer of the Boundary district, and Werner S. Joman, forty, of Kimberley, the other two victims, were recovered earlier.

Meanwhile, Charles Clark and John Juppala were recovering from the shock of their narrow escape from a similar fate. They leaped from the car as it left the highway and plunged to the water below.

## KILLED WHEN HITS GUARD

Man Stationed in Tower Observing Assault Shoots Convict Dead

MONTREAL, June 29 (P).—A convict at St. Vincent de Paul Penitentiary was shot to death by a guard today at a prison quarry outside the penitentiary walls after an asserted attempt to attack a second guard.

The prisoner was identified as Onesiphore Michelin, 25, of Three Rivers, Quebec, who was serving a sentence for breaking and entering and theft.

Shot through the head, he died late tonight by Colonel P. A. Pulse, prison governor, but the governor declined to reveal details of the incident until tomorrow morning's inquest.

**STUCK GUARD**  
An informed source, however, said the shooting occurred when Michelin struck a guard in the quarry, about two miles from the actual prison site but on penitentiary property.

The alleged attack, this source said, was not part of any concerted uprising. Nor was Michelin attempting to escape. Apparently, this informant said, he became angered at the guard and hit him. Whether or not he used a weapon was not indicated.

Another guard overlooking the quarry, in a high tower, saw the occurrence and shot at the convict. The shot was fired, it was explained, merely to disable the prisoner. The bullet passed through his brain.

## Cut Rate on Air Mail Is Inaugurated

SOUTHAMPTON, June 29 (P).—A letter from the King to the Governor-General of South Africa, Sir Patrick Duncan, was among 110,000 letters on the flying boat Centurion, which took off for South Africa today on the first stage of its flight, inaugurating cheap air mail service.

From today on it will be possible to send letters to fifteen countries of the Empire at a flat rate of 1½ pence (three cents) a half ounce.

## Anglo-French Scheme Of Non-Intervention Patrols Is Rejected

Germany and Italy Refuse Offer of France and Great Britain to Take Over Complete Guard in Spanish Waters

LONDON, June 29 (P).—Germany and Italy today rejected a proposal by Great Britain and France to patrol all of Spain's coasts in the interests of neutrality. A report that Great Britain might recognize Spanish insurgent General Francisco Franco as a belligerent in return for continued collaboration of Germany and Italy in the "hands off Spain" programme was denied by a Foreign Office spokesman.

The spokesman said if the whole non-intervention plan fell through, the position might be "very different" and might conceivably carry belligerent rights with it.

# Officers of Canadian Club Are Re-Elected By Acclamation Here

Col. H. T. Goodland Will Again Head Organization—Move for Canadian Flag Is Made—Color Pictures of Coronation Shown at Meeting

COL. H. T. Goodland, as president, and the entire slate of officers of the Canadian Club were re-elected by acclamation, for the ensuing year, at the annual meeting held in the ballroom of the Empress Hotel, last evening.

Other officers were returned as follows: First vice-president, J. W. Hudson; second vice-president, T. W. S. Parsons; secretary, F. J. Sehl; treasurer, P. B. Fowler; literary secretary, P. M. McGregor; executive, Herbert Anson, M.P.P.-elect, John Cochran, Kenneth Ferguson, O. H. French, P. J. D. Pemberton, Colonel Lennox Irving, K. C. Drury and W. B. Lambert; auditor, George McCandless.

Due to the illness of the president last year and the minor nature of the business coming before the executive, the nominating committee recommended that they be again returned to office so they might be given an opportunity of participating more fully in the work of the club.

## CIVIC COMMITTEE TO PRESS FOR AIRPORT

Continued from Page 1  
O'Halloran, K.C., and himself to the committee to examine airport locations. They will commence their survey this week, having been advised that the Minister of Transport will arrive here within three weeks time on a flight across Canada.

Mr. Husband told those present that he had interviewed Mr. Howe at Ottawa on the necessity for an emergency or auxiliary landing field here. The minister was sympathetic to the suggestion and left the impression he would welcome full information from the city on possible locations and other matters, he said.

Mr. O'Halloran explained a municipal airport would probably be financed by the city, with one-third each provided by the Federal and Provincial Governments. On the other hand, an auxiliary airport giving facilities for Greater Victoria would be built by the Federal Government as part of the airway crossing Canada.

Alderman Wills stated R. Carter Guest, director of civil aviation for British Columbia, had offered his assistance to the city in the move for an airport. He had considered locations at Gordon Head and Patricia Bay, and was of the opinion that two runways each 3,000 feet long would prove satisfactory, he related.

**EMERGENCY FIELD**  
Mr. Ker felt that an emergency field would be established here, but it might be a case where the city had to help itself first. He saw no reason why a field should not be close to the city.

Mr. Eve told of flights over Gordon Head and of its desirability as a landing field. If a field were established, there was no reason why Victoria-Vancouver air service would not be a reality. Feeder lines to Port Angeles, Bellingham and other points might also be inaugurated. Up-Island communities were also anxious to see a landing field here, he declared.

It was predicted by Alderman Wills that Esquimalt Harbor would not be available as a seaplane landing base because of naval and military operations. He suggested a brief to the Minister of Transport in regard to reopening Victoria Harbor to seaplanes.

Robert D. Harvey inquired if Oak Bay or Willows beaches could not be used by seaplanes. Mr. Eve replied, through the chairman, that it was a question of storage facilities and smooth water. He thought it would be possible to add to the breakwater at Ogden Point and form a protected basin for seaplanes. However, it was absolutely necessary to have a proper landing field if Victoria was to be included in Trans-Canada Airways route.

**NO ASSISTANCE**  
Mr. W. W. Crouch remarked that Saanich would not be able to help financially if the committee was interested in purchasing a landing field site.

Mr. Ker stated a landing field would benefit Saanich just as much as Victoria. Undoubtedly the city would suffer if left out of Canada's air picture. Enthusiasm and co-operation must be developed. No community the size of Victoria in North America was without a landing field, and it was his opinion that speedy measures should be taken to secure a field here.

Mr. Husband reminded Reeve Crouch that the committee wanted no sectionalism. Members should decide how they were going to approach the Federal Government to have a landing field built here.

Since commercial flying had become a vital necessity to every community, Victoria needed a regular field far more than emergency facilities for airplanes, Mr. O'Halloran stated.

**LEADERSHIP NEEDED**  
Mr. Harvey thought municipal councils of Greater Victoria should

## YOUNGSTOWN SHEET & TUBE TO DEAL WITH THE C.I.O.

Miss Perkins said she was studying the dispute, however, to determine if further mediatory steps are possible.

The two dynamite blasts at Johnstown, shattering vital pipe lines that feed water to the big Cambria mill works, forced at least a partial shutdown until repairs can be made. Officials said it may take "from three days to two weeks."

The explosions ripped out water lines from the eleven-billion-gallon Quemaehoning Dam, eleven miles south of Johnstown, and the Borden Dam, which supply 100,000,000 gallons (c.g.) daily to the Cambria Works.

South was the first personal defeat ever suffered by Colonel Harrington.

In Premier MacDonald's riding, Halifax South, he rolled up a majority of more than 1,100, or 600 more than he enjoyed in the 1933 polling.

Although there were approximately 25,000 more names on the voters' lists than in 1933, total votes polled were about the same as in that year. Fine weather in most districts aided party workers.

Premier MacDonald was given a wild ovation when, with others of the Liberal candidates in Halifax, he appeared in the downtown district as return of his Government was assured.

**PREMIER'S COMMENT**  
"The overwhelming support that has been given to the Liberal Party in this election can only be interpreted as an expression of satisfaction with the work which we have accomplished during the past four years and with the programme which we have in mind for the future," he said in a statement.

No candidates lost their deposits, although in some cases the Government representatives increased the majorities they had in 1933.

Highways Minister A. S. MacMillan was re-elected in Hants, and another veteran, Minister without Portfolio J. W. Comeau, in Digby. Attorney-General J. H. MacQuarrie and another Liberal won the two Pictou seats; Mines Minister Michael Dwyer was victorious in Cape Breton Centre, and Agriculture Minister J. A. McDonald bested George Nowlan, president of the Nova Scotia Con-

**CONTROL OF COUNTRY**  
Amid these developments, United States Representative Clark E. Hoffman (R., Mich.) declared Chairman Lewis, of the C.I.O., had boasted that he could obtain control of America's "power switches."

"With this power," Hoffman said, "he could inflict chaos and destruction on the country within twenty-four hours."

Hoffman urged that Federal and state Governments make it a felony to interrupt power and light service. Police reports of a dynamite "terrorist" plot at Warren brought a statement from John Owens, Ohio C.I.O. strike chief, denouncing the use of violence and illegal acts.

"The C.I.O. has always condemned violence and illegal acts on any person's part," Owens said. At Johnstown, Pa., where the mayor appealed for Presidential intervention to overthrow what he termed John L. Lewis' "un-American empire"—the "C.I.O.-resisting" citizens' committee planned a widespread campaign to assure "protection of the right to work."

Francis C. Martin, chairman, telegraphed invitations to civic organizations on the strike front to meet at Johnstown at a date not yet set.

**EVENTS MOVE SWIFTLY**  
These events broke the calm prevailing for the last few days:  
1. Two dynamite explosions paralyzed Bethlehem Steel's Cambria Works at Johnstown, Pa., and threw 6,000 men out of work. The company posted a \$10,000 reward for capture of the dynamiters.  
2. Mayor Daniel J. Shields of Johnstown, telegraphed an appeal to President Roosevelt, warning him that "the people of my city may take the law into their own hands" unless Lewis' C.I.O. strike forces are withdrawn.  
3. The mayor also dispatched a telegram to Governor George H. Earle, requesting that State police be stationed on guard around all reservoirs in the territory.  
"Prompt action," he said, "may save an entire community against annihilation."  
4. Police and National Guardsmen announced they had smashed wholesale bomb "terrorist" ring, in Warren, arresting three men and sending out an alarm for the alleged "brains" of the gang, Gus Hall, C.I.O. strike leader.  
5. Secretary of Labor Frances Perkins officially conceded, in a statement at Washington, that Federal mediation efforts had collapsed.  
6. The Federal Mediation Board officially reported the only solution for ending the multi-million dollar dispute—arising from the demand by Lewis' C.I.O. for signed labor contracts with the four big independent steel producers—would be a "man-to-man discussion around the conference table."  
Secretary Perkins said Federal mediation attempts have been suspended, "halted by the stone wall refusal of the steel companies—Bethlehem, Inland Steel and

of C.I.O., and C. W. Jones, vice-president of the Brotherhood of Railway Trainmen. The trainmen are on strike on a short railroad belonging to the Bethlehem Steel Corporation.

**DYNAMITE PLOTS**  
At Warren, police seized three alleged bomb "terrorists" and sent out an alarm for the apprehension of Gus Hall, C.I.O. strike leader, in connection with the plot.

Police Chief B. J. Gillen signed a warrant charging the Warren-Niles C.I.O. leader with having been the "brains" of a wholesale scheme to dynamite bridges, railroad tracks, steel mills and the light and power company, and to blow up the homes of non-strikers with high explosives.

The warrant, Chief Gillen said, was backed by confessions from three men already in jail.

The prisoners are Arthur Scott, John Borawiec and George Bundas, all residents of Warren.

In Youngstown, police and National Guardsmen arrested thirteen men, four of them on charges of kidnapping Ivar W. Gardener, a steel worker, and forcing him to sign a steel workers' organizing committee membership card.

**CAPE BRETON GAINS**  
Liberals gained seats in Cape Breton North, South and West, and in Victoria, all in Cape Breton Island. They lost a seat in Cumberland, where two Conservatives replaced the Liberal and Conservative elected in 1933.

The Liberals appealed to the electorate on the Government's record during the last four years. In it was payment of old age pensions, highway paving, a balanced budget and reduction in unemployment in the province.

Opposition Leader Harrington's platform contained social legislation, continuation of old age pensions and the highway programme and cheaper electric power. He charged the Administration with being the "tool of the corporate interests."

The campaign—it ran forty days—was brief but intensive. Both leaders visited almost every constituency in the province. Hon. J. L. Hiley, Federal Minister of National Revenue, took part during the last week, in his Annapolis Valley riding of Digby-Annapolis-Kings.

Election day itself was free from disorders. In Truro William Hall, ninety-seven, voted and laid claim to the day's "oldest voter."

The Italian also declared "not a single volunteer had left my country for Spain since the ban agreed upon by this committee (February 20)."

A suggestion by France that immediate arrangements be made for withdrawal of all foreigners now prisoners or wounded in Spain is to be discussed Friday.

**NEUTRAL OBSERVERS**  
Under the patrol proposal, Great Britain would police coasts now held by the Spanish Government and divide with France responsibility for patrolling coasts held by the insurgents. They would take neutral observers aboard their ships.

Czechoslovakia, Belgium, Sweden and Soviet Russia approved. Italy and Germany centred their objection on the ground the pro-

**FREE CITY OF DANZIG**, June 29 (P).—Pastor Rudolph Walther, chairman of the Danzig Confessional Church, was sentenced to three months' imprisonment today for criticizing Chancellor Hitler and the third Reich in a circular letter read from his pulpit.

It was a dark night, and after the breakdown he emerged from beneath the car gasping for breath. His helpful pal, holding an oil can, beaming on him—"I've just given the cylinder a thorough oiling. Tom."

"Cylinder!" That wasn't the cylinder; that was my ear."

**A LIVE LIVER MEANS NEW "LIFE"**  
This biggest organ of your body must be completely alive for complete life.

Because your liver affects your kidneys, blood, digestion, energy, glands, muscles, it must be in good health if you are to be in good health. If your liver does not work properly you feel rundown, half-sick, suffer indigestion, skin troubles, headaches, constipation, and other ills. So be sure your liver works properly by taking Fruit-A-Lives. *Well—I bought the Car, Mother*

**... and thousands of Canadian Workers will profit by his purchase**

**JIM MACDONALD** comes beaming into the kitchen where Sally, his wife, has biscuits all ready for the oven. "Well, I did it Mother, I bought the car we looked at last night. Let's hurry through supper and take the kids out before dark."

Jim is bursting with pride in his new possession, and Sally is bursting with pride in Jim. It's a big moment in their lives—it's taken a good deal of planning and saving but they've done it at last, and they're happy. Jim may not know it, but his purchase, like the purchases of countless other Jims, brings happiness to thousands of Canadian homes. It means continued employment, to Canadian automotive workers, steel

workers, rubber, paint and textile workers and the men and women in scores of other industries.

So Jim Macdonald is really a big employer of Canadian labour. And a large part of the money he paid for his car will come back to him in his weekly pay because his firm sells goods to many makers of automotive parts. Thus it is that each thriving Canadian industry helps to create prosperity in all other Canadian industries. The Automotive Industries of Canada put millions of dollars into Canadian Workers' pockets each year in wages and through the purchase of Canadian produced supplies and materials.

**For Your Information**  
Automobile Manufacturers and Parts Manufacturers in Canada paid \$7,881,614 in 1934 in Federal, Provincial, and Municipal taxes. They paid Canadian transportation systems \$5,306,328 in the same year for freight. Substantial increases in these amounts would apply to succeeding years.

For statistical and further information about this industry, write to Automotive Industries, 1006 Lumsden Building, Toronto, Ontario.

## Mush to New York With Team of Dogs From Lake in B.C.

Prospector's Vacation Stretches Into Fifteen Months on the Long Trail Across the Continent—Heading for Home After Fortnight's Rest

NEW YORK, June 29 (P.)—The Patrick Carrolls, of Ootsa Lake, B.C., and their team of six dogs—along with five puppies born en route—took things easy in New York today after mushing approximately 6,000 miles from their home on a "prospector's vacation."

Carroll, a sturdy man in a red lumberjack coat and tall boots, and his wife left the Northwest, March 9, last year. They were fifteen months on the road.

In addition to the wanderlust that seized them last year, the Carrolls thought they might write a book about a trip by dog sled—and cart—through Canada and the United States.

### MOSTLY ON FOOT

They left their snow-banked home by sled, following their six dogs—half Lobo wolf and half St. Bernard—on foot the greater part of the time. After they had gone about 300 miles Summer caught up with them and they had to equip their sled with wheels.

Carroll's dogs stood the trip well. They are the same breed he used for years running mail and supplies from Hazelton to an isolated gold camp. After they reached here yesterday the dogs and puppies, born at Havre de Grace, Md., were placed in the Speyer animal hospital.

The Carrolls plan to head for home in a fortnight.

A suburban couple were entertaining local friends at tea. One of the guests was a city man known to the host.

Judging by his appearance this guest was supposed to be in a position of affluence. During a lull in the conversation the host's little son said to the guest: "Can you swim better now, Mr.?"

"I don't swim at all, my dear. Why do you ask?"

"Oh," said the young hopeful, "because I heard daddy tell mummy you could only just keep your head above water."

## NEW CONSUL IS CHOSEN

Reed Paige Clark Will Succeed Hon. Wilbur Keblinger in Victoria

The office of American Consul-General at Victoria, to be vacated by Hon. Wilbur Keblinger, who leaves shortly for Hamburg, will be filled by Reed Paige Clark, M.A., LL.B., who has been transferred here from Vienna.

Mr. Clark was born in New Hampshire, where he was called to the bar after graduating from George Washington University. He later served as clerk of the committee of the United States Senate. He was financial adviser to Liberia from 1911-16, and was a member of the New Hampshire Fuel Administration during the Great War.

Mr. Clark's career in the Consular Service began in 1919, since which time he has held offices in London, Angola, Port Elizabeth and Mexico City. Following these assignments he was made secretary in the Diplomatic Service and sent to Monrovia. He re-entered the Consular Service in 1926, serving a second term in Mexico City, after which he was in Guadalajara until 1928. From there he went to Santo Domingo, and in 1930 he was moved to Vienna.

## HEAR DETAILS OF CONVENTION

Delegates to Recent Spokane Parley Report to Credit Granters

At a special meeting of the Victoria Credit Granters' Association held in Spencer's dining-room yesterday, the members heard reports from local delegates who attended the international convention held in Spokane, June 15-19.

O. M. Prentice told of the inspirational character of the address given at the opening of the convention by one of the fathers of the organization, S. Gilfillan, when he traced the history of the movement and the purpose behind this organization founded by the co-operation of twenty-five men who realized the need of united action.

Dr. Hindley addressed the convention on the trying times through which they were passing since the war. This was a period of reconstruction, which was always a trying time. In Europe they were drifting to state control. Reconstruction called for the spiritual side rather than the material one.

L. E. Evenden told the association of displays in labor-saving machines in office work. These were being used very extensively now. The use of radio in education regarding credit was discussed by Pittsburgh speakers, who were making use of this feature. There was being dramatized the story, setting out that the credit granters was the friend of the public, rather than the opposite.

CHARACTER OF SPEECHES  
L. W. Cox dealt with general impressions of the convention, setting out that the high character of the speeches could not fail to impress all. The part taken by women in the credit system was a striking fact brought forward.

The highlight of the convention was the address given by R. E. Baylis, of T. Eaton Company, Toronto. He stated that times of depression were times for reduction of credit, rather than the extending of credit. Liberalized credit, the speaker said, had a tendency to stagnate sales later with the accumulation of liabilities.

R. P. Johnson took for his part in the report the social side of the convention, telling of the magnificent way in which the delegates were entertained. One of the enjoyable trips was a ninety-two-mile drive to the Grand Coulee Dam.

CHIPPIS—The funeral of Jacob Chippis, who was found drowned last Sunday, took place yesterday. Mass was celebrated at 8 a.m. by Rev. Father A. B. Wood in Our Lady Queen of Peace Church, Old Esquimalt Road, and at 2 o'clock the afternoon services were conducted at the graveside in Ross Bay Cemetery by Father Wood, before a large gathering of friends. The casket was covered with beautiful flowers.

VASHERESSE—Mass was celebrated yesterday morning at St. Andrew's Cathedral by Rev. Father Geukers for the late Albert Vasheress. Relatives and many friends attended the service, also a large gathering from the Tillikum Athletic Club. Many beautiful floral designs covered and surrounded the casket. The following acted as pallbearers: F. B. Richardson, C. Richardson, N. Chungane, T. Obce, C. Vasheress and J. Wormald. The remains were laid at rest in Ross Bay Cemetery.

BENNICK—Funeral services for the late Mrs. Katherine Bennick will be held this morning at 9 o'clock in St. Andrew's Cathedral. Rev. Father C. T. Albury will officiate, and interment will be in Ross Bay Cemetery.

DILL—The funeral of James Peers Dill took place on Tuesday afternoon. A large number of friends attended and the casket was banked with many floral tributes. Rev. Simon Fraser, D.D., assisted by Rev. J. E. Bell, conducted the service, during which the hymns "Abide With Me" and "O Love That Will Not Let Me Go" were sung. Interment was made in Royal Oak Burial Park, with the following as pallbearers: J. Strang, J. Graham, J. McKim, E. Garland, H. Gibson and W. Niblock.

EWAN—Funeral rites were held on Tuesday afternoon for Violet Florence Ewan. Rev. Canon Stocken conducted the service, during which the hymns "Fight the Good Fight" and "The Gates Ajar" were sung. Interment was made in the family plot in Ross Bay Cemetery, with the following as pallbearers: George Ewan, Gordon Ewan, C. W. Norton and N. R. Stewart.

### CULBERTSON on CONTRACT

By Ely Culbertson

World's Champion Player and Greatest Card Analyst

"Dear Mr. Culbertson: 'It is undeniable, I think, that duplicate bridge has contributed greatly to the general improvement in bidding and play during the last few years. But, in taking the credit for this improvement, duplicate also should stand the rap for having spread a certain amount of grief. It is all very well for duplicate players to incline strongly toward no trump and major suit contracts in their pursuit of top scores. But, since duplicate still is bridge, it must follow that the neglected minor suits will turn around and bite every once in a while. It seems to me particularly foolish for a player to be influenced by the denomination of the suit when he is considering the best slam contract. I feel that the mere fact that one bids and makes a slam is guarantee of better than average score. Why, then, aim at a top and risk a bottom by passing up a completely sound minor suit for a doubtful major?'"

"Here is a hand, culled from a recent duplicate, on which all the experts bit the dust and all the palookas romped merrily home with the slam: 'North, dealer. 'Both sides vulnerable.'"

## NOVA SCOTIA ELECTIONS

Re-election of the Liberal Government of Premier Angus L. Macdonald in the Nova Scotia general elections yesterday was not unexpected, but it is a matter of regret that the Conservative opposition was reduced from eight to five members in the Legislature of thirty seats and that the Conservative leader, Mr. Gordon S. Harrington, a man of outstanding ability, should meet personal defeat. The Government stood on its record, claiming an audited surplus and reduction of unemployment, and pointing to the highway improvement that had taken place during its term of office and to the payment of old age pensions as evidence of progressive administration. The Conservative platform was not radically different from that of the Liberal Party. There was an absence of clear-cut issues. The elections were called unexpectedly, within a few hours of Premier Macdonald's return from the Coronation, and the results prove the political strategy of the Premier in his sudden decision to test the electorate after just under four years in office. The top-heavy majority may not prove to be in the best interests of the voters or the party, for it happens, not infrequently, that rifts appear in the ranks of the government when a strong opposition is lacking in the legislature.

## TAXATION HITS VALUES

Men learn through bitter experience the relation between taxes and their lives. Here in British Columbia, where taxation on land continued up and while all forms of private endeavor were being curtailed, the land was all but deprived of any value whatever. It is only now, five years after the pit of the depression in 1932, that property once more is regaining its value. Let it be said that, in the main, British Columbia municipalities realized that situation and took direct steps to meet it by cutting their combined budgets from \$31,000,000 to \$28,000,000, or almost 10 per cent, within the last few years. Let it also be said that the Province has maintained its annual rate of outgo unchanged, and has even added to costs incurred upon ordinary account. The Province spends more than its eighty municipalities. At first glance it would seem that the tax bill only affects the person to whom it is directed; but there is abundant evidence to prove that all of the people pay all of the taxes in the long run.

In Victoria, where building and construction has reached as high as \$3,000,000 in a single year, building permits almost died away. The reason was a basic, elemental one; it simply did not pay to own property or to deal with it when the rate of levy was 4 per cent, or the equivalent to the whole value of the property in twenty-five years. Much of the costs in municipal operation have their birth in provincial legislation, beyond the control of the municipalities entirely. Here, then, is one direct connection between the civic tax bill and the British Columbia Legislature. There are countless other connections, some more visible than others. All land in the province is directly affected by the total weight of taxes levied, including municipal, Provincial and Federal. The value of that land, likewise, rises and falls inversely as the tax burden fluctuates on each holding. The value of land affects everyone in the community, as a little reflection will readily show. The whole arrangement is something like a circle, with taxation on one part of the circumference and land and other values on another, but both linked together inseparably. Well-known economists are commencing to discover now that British Columbia governmentally has been living beyond its means. Businessmen have known that for some time. It will not be, however, until the general public learns where taxes come from and where such revenues are spent that true perspective will be restored and the demand made for greater care in the expenditure of public funds. By tolerating extravagance the public condones it, only to find that its own purse has grown the lighter. Only a magician can bring dollars from a top hat; everybody else has to work for them.

## DOING FINE WORK

The review of activities of the Victoria Chamber of Commerce during the past year, presented at the annual meeting of the directors this week, shows the organization, through its board of directors and various committees, to be extremely active in a variety of matters of importance to Victoria and Vancouver Island. A special committee was successful in its efforts to obtain reduction in the tariff on motion picture films and sound equipment, thus saving the motion picture industry from being removed from Victoria. Another committee pressed for construction of a road to Port Renfrew and was rewarded by the Provincial Government's announcement that the link would be built. The work in under way and has resulted in considerable business being given to Victoria merchants and firms. Strenuous protest was entered against prohibitive fees and regulations on shipping here which threatened irreparable damage to Victoria's marine business. This resulted in satisfactory modification of the Federal Government's damaging orders, Dr. S. F. Tolmie giving considerable assistance in his capacity as Member of Parliament for Victoria. The chamber's aviation committee has affiliated with the civic airport committee and this new joint committee, working from the City Hall, is striving for the establishment of an airport for the city. Good work was accomplished by the organization in other lesser but important matters, while the Junior Chamber of Commerce has taken an active and successful part in matters connected with radio, Spring clean-up in the city, the annual canoe race to Port Angeles, downtown illumination and

other matters of public importance. The entire organization is to be congratulated upon its splendid efforts and the active individual members for their energy and devotion to their undertakings.

## MAKE IT THOROUGH

It is a rather pathetic admission that, twenty-three years after the outbreak of war in 1914 and eighteen years after the last Canadian troops returned to Canada, fresh machinery is found necessary for the "re-establishment" of ex-service men in this Dominion. A little broader interpretation of the rules and regulations in 1919 onwards would inevitably have eased much of the difficulty now to be faced in a second-wind attempt to restore the veteran to civilian ways of life. Only the veterans know how much suffering, physical and mental, they have gone through in that long, long period of waiting to be re-established. It is, then, with no attempt to criticize, but with every desire to smooth the course of such efforts, that notice is taken of recent Federal regulations looking to the re-employment of veterans in Canada. A Veterans' Assistance Commission has been set up at Ottawa with the aim of "securing steady employment for ex-service men anxious to follow their former or other suitable occupations, but who need a short period of training in order to regain efficiency." Under this plan, which differs but little from what was done by the Soldiers' Civil Re-establishment Boards in 1919, the Dominion will contribute up to \$50 monthly towards the wages of such veterans during a three-months' training period. The plan is contingent upon employers giving reasonable assurance of future steady employment. In other words, it is an apprentice plan for returned men. The extremity in which some veterans find themselves, however, will be the better realized when it is recalled that a man who was forty years of age in 1914 is now sixty-three; rather late in life to be apprenticed at anything. Even the youngest of the returned men who went to war at the age of nineteen, are now forty-two, with the most productive years of their life gone. In Canada's second attempt at civil re-establishment there should be a co-operative effort to do the job right.

## RAILWAY SPEED RECORDS

New standards of speed are being set up this year by British railways. In April, the London, Midland & Scottish announced the Coronation Scot to perform the journey between London and Glasgow, 401 miles, in six and one-half hours, at an average speed of just less than 62 miles an hour, and along a considerable section of the West Coast route it is expected to exceed 100 miles an hour. In July, the London & North-Eastern Railway will introduce a new high-speed service between London and Edinburgh to do the 392-mile journey in six hours, or an average of 65.3 miles an hour, while already the Silver Link completes the run between London and Newcastle, 268 miles, in four hours, an average of 67 miles an hour. Later in the year the West Riding Limited, running between Bradford, Leeds and London, will do the 186 miles between Leeds and London in two and three-quarters hours, an average of 68 miles an hour. The British railways already hold the record in the way of regular non-stop runs which are the longest in the world, according to industrial Britain. The new train between London and Glasgow will be the fastest long-distance steam train in the world for the journey between London and Carlisle, the only stopping place.

Cigars are made to be smoked and usually are not regarded as objects of any great beauty, but one six feet long and twenty-six inches in diameter has been placed in the cigar museum in the German town of Buende. It probably was placed there because no one could smoke it, even if it had the art of the cigar maker was employed in making the monster.

The truest end of life is to know that life never ends.—William Penn.

## Note and Comment

By Sandham Graves

Here is the story to end all stories about the London Bobby. It was tucked away in an excellent account of the Coronation written home by a British Columbia school-girl who actually took part in the incident. It seems a party of school-girls was assembling in preparation to being conducted before H.R.H. Queen Mary. London Bobbies were marshalling the parade, as usual, and they were thorough. After a number of injunctions as to what the girls should do and what they should say, the Bobbies gave a practical demonstration of how a young woman should curtsy before royalty. The girls stuffed pocket handkerchiefs and even fists in their mouths, to hold back their laughter—but they learned to curtsy. The picture of a six-foot policeman curtsying with the grace and charm of a debutante will be one that Canada's school contingent will not soon forget. Score one more for the Bobby.

Who can tell where a policeman's day begins and where it should leave off? From Albany, N.Y., the Associated Press brings a story of six Albany policemen on night shift who walked the floor of the station house all night with a four-day-old fawn. The fawn obviously was hungry, but would not take milk from an infant's bottle. So the policemen took turns in walking the baby deer for more than four hours, before one of them thought of a better expedient. Deer, he reasoned, were not much different from other four-footed animals, as say a cat, and cats will take milk from a saucer. Accordingly, a saucer and milk were obtained, the fawn got its supper, and the policemen and their guest lay down together to get some sleep in the cold grey dawn.

A farmer in the middle Western States has given up trying to get farm hands to work his property. For the last six months he has been working on a mechanical mule, designed by him to plough, pump water, saw wood, churn butter, grind feed, and pull tourist cars out of the mud without so much as a hee-haw. The device looks like a wheel, two feet in diameter, only with a gasoline motor inside of it. To this wheel the farmer attaches as many aids to farming as there are gadgets on a modern vacuum cleaner. It runs as long as he feeds it gasoline and oil. The one drawback, however, is its extreme tractability, the farmer finding so little use for his vocabulary that even the hens in the farm yard no longer come when he calls them.

In Great Britain cycle manufacturers have invented a lazy bicycle for lazy people, one in which the wheels remain on the ground as in the ordinary machine but the pedals are raised up into a position horizontal with the saddle, so that the rider actually reclines. It is called a "cycloratorio" and was exhibited recently at the annual lightweight cycle show in London. To ride the new cycloratorio one merely sits in the saddle, sticks out both feet well into the traffic stream in front and pedals away, for all the world like a self-propelling ambulance stretcher and patient. The "oratorio" part of it is a little vague, but perhaps that refers to the custom of yodelling while cycling, another current pastime. Personally, this column will not be really attracted until someone invents the lazy typewriter—say the "typewriteratorio," the machine that will run itself and supply its own thoughts into the bargain. What with mechanical mules and cycloratorios, perhaps the typewriteratorio is on the way!

At Devonport, England, the Royal Navy retired a horse the other day with ceremonies usually reserved for an admiral disembarking from his flagship. "Bobbie," the horse, had spent twenty years in the senior service, without a black mark against his name. He was retired with honors. More than 500 blue-jackets lined the pathway from his stable to the gateway of the Royal Naval Barracks. A band swung into step in front of "Bobbie," playing: "The Boys of the Old Brigade." Bobbie's pipes shrilled and a guard of honor presented arms as "Bobbie" left the service, on pension for the rest of his days.

### Food for Thought

Being a natural born kicker, everywhere we go we find something wrong with the food. Either there are too many potatoes or an entire absence of claims in the chowder, fried potatoes are too greasy, roast lamb tastes the same as roast beef, stew seems to contain mule meat, or prices are exorbitant for the size of the portions. Last Sunday we dined in a non-union cafe. Judging by the quantity of roast pork we received for forty-five cents, pork must have risen to \$2 per pound. It also gave "Pudge" a stomach ache. The mashed potatoes apparently came out of a size 00 ice cream scoop. Incidentally, that is one of our pet aversions—using an ice cream scoop to dish out mashed spuds. We like to see a pile on the side of the plate. Surely, potatoes are not so valuable that a serving must be confined to not over an ounce or so. Or are the restaurants afraid of making customers fat? Another ancient custom is failing to cross out on the menu dishes that no longer exist.—G.B.

### Wrestling Gossip

Billy Middlekauf, 240-pound Florida pachyderm, who showed Saturday at the local palace de aquilum, is another ex-fighter who has forsaken the padded mittens for the grunt-and-groan pastime. Middlekauf was born at Miami, and when a youngster had ambitions to become a lawyer. He studied law at the University of Florida, but once out of school he followed an athletic career. The six-foot-three matman from Florida donned the leather gloves in ninety-seven contests and acted as sparring partner for two former heavyweight champions, Jack Dempsey and Gene Tunney. He was a sparring mate for Phil Scott, the Englishman, who made such a poor showing in the United States, and Tommy Loughran, one-time ruler of the light-heavyweight division. . . . Thirty-two years old, Middlekauf has been in the professional mat game for eight years, and during that time has appeared in 1,500 wrestling matches. Prefers the bone-bending pastime to boxing because the financial returns are larger over a period of months. He is one of the few heavyweights who does not carry around the marks of his profession, large cauliflower ears. Belief it or not, but Mr. Middlekauf is particular about his ears, and as soon as there is any sign of trouble he trots off to the doctor.—S.T.

### Glancing Over Sport

Do you know that Slamming Sammy Sneed, young member of the U.S. Ryder Cup golf team, now in England, was the finest athlete at the high school he attended in Hot Springs, Virginia? He was captain of the baseball, football, basketball and track teams. He was known as the "one-man track team of Virginia" when he won the high jump, broad jump, pole vault, shot put, 100-yard dash, and second in the discus. That's why Sammy is such a great shotmaker; he possesses two of the best assets any athlete could wish for, stamina and courage. . . . Nice going, Victoria, on your fine victory over the Royals last Saturday. I saw the dethroning of the Canadian champions, and it was a very well conducted ceremony. It didn't look as if the Royals were going to abdicate in the first half, but after the change over it was a different story. . . . Just before the game started, Manager Joe Bloom received the following telegram from Eddie Gibson, Vancouver, a former member of the City eleven: "Lots of breaks, you deserve them. Regards to team. . . . The same ring in which Max Schmeling flattened Joe Louis in last June in New York was used for the last Chicago fight. It cost Promoter Mike Jacobs \$10,000 to bring it to the Windy City. Jim Braddock received \$200,000 for the bout, but out of that his manager, Joe Gould, took exactly half of it. Jim will probably end up with about \$60,000 clear.—J.D.

### Maybe Just Dumb

It savors of a slight touch of sarcasm, but again it may just be a case of the lad's "not knowing what it was all about," shall we say? His coach was making arrangements for a trip to Vancouver and told the boy he had a return fare for him, so there was nothing to worry about. However, the genial coach was a little surprised the next day when the lad assured him that he would be able to get enough money to pay his fare one way. "But you don't need any money," the coach explained. "I have a return ticket for you." "Oh, I know that," the youngster countered. "I'm not worried about getting back, but how am I going to get over there?"—W.L.P.

### SOCIAL SERVICE PLAN

Sir,—The present system of social service is really inadequate, for instance: Before a person can receive the old-age pension, he must be seventy years of age and destitute and show a birth certificate, which in many cases is impossible owing to the fact that some of the old pioneers were unable to secure them. The paltry sum of \$20 is little better than slow starvation, and is a disgrace. Compensation is little better, as it cares for one, only while working on the job, while sickness or accident at any other time receives no consideration. The widows and orphans' fund could be made simpler and very much improved. As for the present health bill, it could also be made much simpler.

To rectify this situation, I would propose the following plan: That all social service, as it is today, be replaced under one board of directors, one system of collection and one system of distribution, and when a person falls sick or meets with an accident, or has reached the age of sixty-five years, that they receive superannuation money of not less than \$15 per week if single, or if married not less than \$20 per week, with free doctor and medicine. (Wife and children to receive doctor and medicine also). This would add to their recovery, by removing financial worry. To receive this consideration, one's earnings must cease while sick or hurt, and all those reaching the age of sixty-five years or over, and whose income while working is under \$150 per month, must be removed from competition on the labor market before receiving this consideration.

By so doing this will give employment to many of our young men. To create a fund for this purpose, I would suggest all money now to the credit of these various funds, be placed to the credit of the new fund, and that a tax of 1-2 per cent be placed on all incomes. If a man should die and leave his widow and family destitute, they should receive from this fund superannuation money of not less than \$15 per week, with free doctor and medicine for them, until such time as the widow remarries or receives another source of income. All moneys paid out in this way would go into active circulation and create business; business would create production; production would create wealth. This would also mean superannuation on an equal basis for the common worker, giving everyone spending power, encourage employment and make a future for our young men, protect the sick, take away the fear of old age and make life worth living. This plan would also do away with the high cost of the present system of social service and reduce taxation, instead of increasing it.

### CANDIDATE'S THANKS

Sir,—May I, through the medium of your paper, express my thanks to the many workers who campaigned on my behalf in the Esquimalt riding during the Provincial Election, which unfortunately did not terminate in the victory expected so confidently by my many friends. It is not possible for us to quite understand the reason for the failure to win the confidence of the electorate of Esquimalt who again proved by their vote that they are out of sympathy with the policies of the Pattullo Government and the Island development plans of myself and the group working with me. However, my congratulations are due Mr. Finland for his success under the able guidance and management of Mr. R. H. Pooley, K.C.

## Acids Neutralized

Constipation and clogged intestines mean accumulation of acids in the system and absorption of waste products. power to bring about a happy ending to this problem by showing the way to his grandchildren, encouraging matrimony between them and Asiatic youth, for the sake of that grand future race burkened from superior intelligence, endurance and productive skill, to the inventive genius of white Canadian indolence and avarice?

Some day, when the human race has learned to live and thrive without money, and values are measured by other forms of ownership, then we may judge the place the Asiatic has attained in our communal life and give him his tested sphere according to his worth, unless the process be reversed and he dictate to us the bounds of our activities in his new domain, which happens to be our only land of birth as well as his. This question goes deeper than the soil and flavors not such things as potatoes, fruits and toll: it is a clash of mental outlooks, a war of intellectual forces from opposing spheres, that rasp against each other as they try to find some common ground on which to live at peace, without losing that individual will which each retains as priceless. Nature will right itself, but it sometimes takes too long for man's impatience to endure. We want all to happen in our day.

## CHECKER BOARD SHELTER

Sir,—Reading the local papers I see that the Victoria seventy-fifth anniversary committee is thinking of erecting a celebration landmark in Beacon Hill Park. Now is the opportunity for the parks committee to recommend a cover over the checker board. It will be a permanent monument and at the same time one that will always be in constant use both in the Summer and Winter. I am sure a cover is needed in the worst way. One cannot play when the blating sun is shining on the checker board and pests from the tree are falling down your neck. J. TAYLOR,

## FIFTY YEARS AGO TODAY

(From The Daily Colonist of June 30, 1887)

Matrimonial Ceremony—Mr. E. B. Paul, M.A., principal of the Nanaimo High School, was married on Saturday last to Georgina Augusta Maude, youngest daughter of the late Samuel Brewster, of Esquimalt, and sister-in-law of Mr. B. H. Smith, collector of customs, Nanaimo. The interesting ceremony was performed by Rev. J. B. Good at the residence of Mr. Smith.

The Salmon Pack—An immense salmon pack is anticipated by the Alaska canners and preparations are being made on a large scale for the season's work. No improvement is visible in the condition of affairs on the Skeena River, and the pack is regarded as a failure. At Astoria and all salmon-canning points along the Columbia River the "salts" has been only fairly successful, but there is yet time for the canners to rush their ground before the season closes. The British Columbia packers are hopeful of an average pack.

Harmon Springs Notes—His Honor the Lieutenant-Governor is leaving so rapidly at Harmon Springs that he can now take long walks without fatigue, and can often be seen rowing a boat with all the vigor of a youth of twenty. The high water, which threatened at one time to flood the bath-house, has at last commenced to recede and everything is again as before. Visitors are constantly coming and going, while marvellous cures are the order of the day.

## CROSSED ON MANY TRIPS

New Yorker Identified With Japanese Business for Fifty Years

Marking the fiftieth anniversary of his business connection with Japan, Bernard Guggenheim, Kobe, arrived here aboard the Ss. Empress of Japan from the Orient yesterday. Mr. Guggenheim was a passenger on the old Ss. Parthia in 1887, when that ship, in company with the Abyssinia and Batavia, inaugurated the trans-Pacific service of the Canadian Pacific.

Mr. Guggenheim, who was accompanied by his wife and child and a Japanese nurse, is on his way to New York. He is the head of the Japan Import and Export Commission, and will return to Japan in November next.

### WELL-KNOWN WRITER

Mr. and Mrs. W. L. L. Breese, the former being a prominent manufacturer and banker of Portage, Wisconsin, and the latter who has been writing for a number of years under the pen name of "Zona Gale," were passengers on the Japan arriving yesterday. They were returning from a tour of Far Eastern countries, which they had enjoyed greatly, they stated, before taking the 11 o'clock ferry for Seattle.

Zona Gale, who won the Pulitzer Prize in 1920 for the one-act play, "Miss Lulu Bett," has a number of plays, books of verse and novels to her credit. Her first novel was produced in 1906 and was called "Romance Island." Among her most recent works were "Bridal Pond" and "Papa Le Fleur." Among her one-act plays are "The Neighbors" and "Uncle Jimmy."

Zona Gale started her career on Milwaukee papers and later went to New York, where she was connected with the editorial department of The New York World.

### LOCAL TRAVELERS

Mr. and Mrs. S. J. Halls, Victoria, returned from Japan yesterday on the incoming Canadian Pacific liner. They were away for two months and visited Kobe, Yokohama, Osaka, Kyoto, Nikko and other places. While they were in Tokio, the Victorians were entertained at luncheon by Hon. Randolph Bruce, Canadian minister to Japan, and attended a garden party at the Canadian Legation. Mr. Halls was very much impressed with the progressiveness of the Japanese and the manner in which they were forging ahead.

### HONGKONG BOOMING

David Drummond, Oriental manager for the Canadian Pacific at Hongkong, came back to Victoria yesterday, accompanied by Mrs. Drummond. They left the Japan here, joining their daughter, who has been attending St. Margaret's School and who will accompany them on a visit to England. Mr. Drummond stated that he was on vacation and would return to Hongkong in November.

Hongkong was enjoying good times at present, the Canadian Pacific official stated. Shipbuilding was largely responsible for this, while the port did an immense business with China. The future of China was bright, he believed, and the country undoubtedly would work out its own salvation.

### HAWAIIAN VISIT

Concerned more about Prairie crop prospects than anything else, W. M. Neal, vice-president of Western lines, Canadian Pacific Railway, arrived yesterday from Honolulu, where, in company with Mrs. Neal and daughter, Miss Bety Neal, the C.P.R. executive has been holidaying for some little time.

Mr. Neal looked pretty fit and stated he was quite ready for some hard work when he reached Winnipeg, for which point he intended to leave Vancouver last night. It was his intention, he stated, to return west on an inspection tour in about two months' time.

### FROM AUSTRALIA

Mr. and Mrs. N. Roy McMorran, from Sydney, arrived yesterday on the Empress of Japan. Mr. McMorran is traffic agent of the Canadian Pacific in the Australian city. He stated that business was good in Australia. The people "down under" are hoping that something will come out of the agitation for extending subsidies to British flag shipping and the Government will undoubtedly do its part in the matter, he considered.

### Injured in Fall From Scaffolding

VANCOUVER, June 29 (C)—William Curtis and Cecil Fairhead were in hospital here tonight with injuries received when they fell twenty feet from a scaffold while painting a sign on a downtown store. Curtis has a possible skull fracture and Fairhead a broken ankle, doctors said. Their conditions are reported "good."

### VANCOUVER STARTS CLEAN-UP OF CAFES

VANCOUVER, June 29 (C)—Final arrangements for Vancouver's health drive in restaurants were made today by Dr. J. W. McIntosh, city medical health officer. School doctors will be pressed into the regular inspection staff surveying health conditions in all eating houses, Dr. McIntosh said.

Little Mary was left to fix the lunch, and when the mother returned with a friend she noticed that Mary had the tea strained. "Did you find the lost strainer?" Mother asked, as they were eating. "No, Mother, I couldn't, so I used the fly swatter," Mary replied.

## MINISTERS OF CROWN GET PAY INCREASES

LONDON, June 29 (C)—The House of Lords today gave third reading to the Ministers of the Crown Bill, completing legislative action on the measure. The bill was approved without division. It provides a £10,000 (\$40,200) salary for the Prime Minister (twice the present figure), £5,000 for all Cabinet ministers, and £2,000 for the leader of the Opposition.

## Sentenced for Having Drugs in Possession

VANCOUVER, June 29 (C)—Two convictions under the Narcotics Act were made in police court today and three other cases were remanded to Friday.

Edward W. Jay and Jowia Singh, found guilty of having morphine in their possession, were each sentenced to six months imprisonment, or a fine of \$200.

## COURT WANTS ADDED FACTS

Magistrate Henry Hall Delays Decision in Eviction Case Until Friday

Police Magistrate H. C. Hall wishes more information with regard to the eviction by the sheriff, H. W. Goggin, of a non-payer of rent on Superior Street, before making up his mind as to whether the city police authorities have the right to move for violation of the city by-law on the ground that the street has been blocked of its free use by the depositing of the goods and chattels on it.

In the city police court yesterday morning, the magistrate announced that in the statement of facts presented to him with regard to the matter, he had found there had been an omission in that it was set out that while there was an obstructing of the street, there was no information as to whether the goods were left on the street. It was also set out that the sheriff's orders had been to remove the goods to the street, but there was nothing setting out how long they were to be left there.

The magistrate said that it was on the statement of facts that he had to proceed and upon which alone he could base his decision. He, therefore, proposed to delay his judgment in the matter until these facts were forthcoming. These facts could be offered by calling evidence or otherwise amending the statement of facts.

C. L. Harrison said that he would consult the opposing counsel in the matter. W. B. Colvin, of the Attorney-General's office, was present in the absence of Alan Maclean. The magistrate adjourned his decision until Friday, with the understanding that further facts required would be forthcoming.

## G. S. WISMER TO ASSUME DUTIES

Formal Ceremony Planned At Government House on Monday Next

British Columbia's Cabinet will be back to full strength on Monday when Hon. Gordon S. Wismer, K.C., will take over the duties of Attorney-General after a brief formal ceremony at Government House, Premier Pattullo indicated yesterday on return from the Mainland. The Premier presided at a routine Cabinet meeting during the day.

E. K. De Beck, newly appointed superintendent of brokers, will take up his duties on Friday after the public holiday to be observed throughout the service on Thursday, July 1.

Provincial Affairs are in a lull, in which the Government is quietly making ready for a Fall session, the first of the Nineteenth Legislature, and awaiting the return of Rt. Hon. W. L. Mackenzie King to Ottawa from his European tour. When the Federal Cabinet has reassembled at Ottawa, a British Columbia delegation expects to go East on several issues.

### ELECTION RESULTS CLOSE

Meanwhile the Government is watching the official returns of the general Provincial election, as these are recorded by electoral officers. Some seats are not yet definitely settled, including Victoria's representation in the House and the status of Hon. Dr. G. M. Weir with respect to the third seat for Vancouver-Point Grey. At Grand Forks-Greenwood, also, the issue has been close, with final figures awaited.

As at present arranged, the House will be called into session towards the end of October.

## BRANCH MEMBERS TO HOLD PICNIC

Annual Gathering of Veterans' Club Set for August 7 at Willows Beach

The Britannia Branch, Canadian Legion, will hold its annual picnic on Saturday afternoon, August 7, from 2 to 6 o'clock at the Willows Beach. It was decided last evening at a meeting of the ways and means committee. Dave Creston, committee chairman, is in charge of arrangements and announces that several subcommittees will be named in the near future.

The programme will include water sports, races, and refreshments provided by the branch. Percy C. Payne is in charge of refreshments, and plans to provide afternoon tea for the adults, and ice cream, oranges and peanuts for the kiddies. To avoid confusion, children

of branch members will wear identification badges supplied by the branch.

A feature of the picnic will be the attendance of the Britannia Branch Brass Band, which will render selections during the afternoon.

### STRANGLER CONDEMNED

LONDON, June 29 (CP-Havas).—George Leslie Stone was found guilty of strangling young Ruby Keen and condemned to death today. The murder occurred near Leighton Buzzard, Bedfordshire, April 11.

(Associate of Automobile Club of Vancouver and Victoria Automobile Club) . . .

"RESULTS OF EXTENSIVE TESTS conducted by the Contest Board of the American Automobile Association on the five non-premium gasolines leading in sales volume in British Columbia substantiate the statement of the Standard Oil Company of British Columbia Limited that Standard Gasoline is Unsurpassed."

AMERICAN AUTOMOBILE ASSOCIATION CONTEST BOARD  
WASHINGTON, D. C.

TO Standard Gasoline goes this new high distinction — Certified Unsurpassed.

This finding speaks for itself. It is the official report of the A.A.A. Contest Board, Washington, D. C., which is an associate of the Automobile Club of Vancouver and the Victoria Automobile Club, and which is a recognized authority on automotive performance of every sort.

Year after year Standard Gasoline is unsurpassed—the

ideal motor fuel for your car. And—you can depend on it—Standard will be kept unsurpassed.

Our laboratories are regularly testing and comparing the respective merits of Standard against the other leading gasolines on the market. The big purpose of all this is to see that Standard is unsurpassed and remains so!

The proof's in every gallon of Standard Gasoline Unsurpassed. Try a tankful.

**CONSTIPATION IS A MISERABLE THING!**

It takes the pep right out of you—makes you feel tired and irritable—ready to worry over the slightest thing.

Yet it can be corrected in most cases so easily. Common constipation is usually caused by lack of "bulk" in the foods you eat.

Millions of people have learned that Kellogg's ALL-BRAN ends constipation by putting "bulk" back in the diet. Within the body, ALL-BRAN absorbs twice its weight in water, forming a soft mass and gently sponging out the system.

Kellogg's ALL-BRAN also furnishes vitamin B to tone the intestines and iron for the blood.

Two tablespoons daily as a cereal with milk or cream, or in recipes, are sufficient. Three times daily in severe cases.

Sold at all grocers and guaranteed by Kellogg in London.

**LAWN BOWLING MEET STAGED**

Keen Competition Feature of Tournament Held on Cumberland Greens

CUMBERLAND, June 29.—Entries in Cumberland Lawn Bowling Club's annual open tournament held recently exceeded last year's entries. Singles, doubles and rinks were played with consolation rinks for those knocked out in the first round of the rinks. Players from Victoria, Nanaimo, Courtenay and Cumberland took part and President W. Mossey extended hearty greetings to all the visitors with the hope that all would have an enjoyable time. D. Dewar, of Victoria, replied and thanked Mr. Mossey for the greetings extended to the visitors. The weather was ideal for bowling and some very close games resulting. Marconini, of Victoria, and Kennard, of Cumberland staged a great battle in the singles, an extra end being required to decide the winner.

Full results were:

**HALIBUT VOTE MUCH DIVIDED**

Prince Rupert Fleets Favor Control but Vancouver Boats Against It

Whether or not British Columbia will set up a halibut marketing board, as a result of a favorable vote returned yesterday on the scheme by fishermen at Prince Rupert remains to be seen. Hon. K. C. MacDonald, Minister of Agriculture, reiterated that the Government would wait the result of its present reference to the Appeal Court on the British Columbia Marketing law before taking action.

The halibut plebiscite as announced here showed 191 fishermen in favor of the plan among Prince Rupert fleets, with thirty-six in opposition, and eleven spoiled ballots. At Vancouver, more than half of the total ballots were rejected; forty voted against the plan, one for it, and fifty-five ballots being rejected by those ineligible to vote.

The Minister of Agriculture left last evening on a five-day tour of interior points, with plans to spend July 1 at Kamloops, July 3 at Revelstoke, before returning here towards the middle of next week. By that time, it is believed, the present position of the British Columbia Natural Products Marketing Act may have been ruled upon by the British Columbia Court of Appeal.

**WANT PLANES FOR PACIFIC**

R.C.M.P. Head Hopes to Have More Equipment for Force Next Year

Next year, it is expected, there will be two planes provided for the Royal Canadian Mounted Police service on this coast. This was the statement of Major-General Sir James H. MacBrien, K.C.B., C.M.G., D.S.O., commissioner of that body, with headquarters in Ottawa, who spent yesterday in Victoria. At the present time there are four planes in use by the force over which he holds command.

The use of the air craft, said General MacBrien, has been found a very great assistance in the prevention of smuggling. They are used in the detection of narcotic runners and also liquor carriers in the East particularly. The securing of them for this coast would, he feels, be a valuable acquisition to the equipment of the force on the Pacific.

General MacBrien was accompanied by Colonel R. L. Cadia, assistant commissioner of the force on the Pacific, who makes his headquarters in Vancouver. The commissioner spent yesterday on an inspection of the force located here. Using his own private plane on the way West, the commissioner made inspection visits at various points across Canada and will leave at once on the return trip, making further calls going East. He will be back in Ottawa again in ten days' time.

**CHAUTEMPS HAS FULL SUPPORT FOR BILL**

Continued from Page 1

The Government would use its special powers to devalue the franc. The favorable vote in the Lower House, reached after an all-night session, that became fiery, with three brief suspensions ordered by Chamber President Edouard Herriot, was assured when Jacques Duclos, Chamber Communist leader, announced the Communist adherence of the Popular Front coalition would support the Government's demand.

**HURL HEATED WORDS**  
The suspensions were intended to give members an opportunity to register their comments. Heated words were hurled between Rightist and Leftist benches. During one intermission two deputies engaged in a dispute in the corridor, and a noisy disturbance arose.

After Herriot called the House to order a second time, the Communists insisted on continuing the argument, and Duclos, with twenty of his colleagues, attempted to march to the centre section of the Chamber, but were halted by sergeants-at-arms.

Blows were exchanged between partisans of the Right and Left when Communists resented interruptions to Duclos' statement on the Communists' decision.

**NO SPECIFIC STATEMENT**  
The Ministry of Finance declined to make a specific statement on future plans for the franc.

Bonnet hinted the tri-partite monetary agreement with the United States and Great Britain may be adjusted. "The Government must no longer be held within the limits of the monetary law," Bonnet told the Chamber.

It sets the franc's minimum gold content at forty-three milligrams, 2296 francs to the dollar.

"If that law stands as it is," Bonnet said, "attacks against the old reserve—necessary in case of conflict—would be more frequent."

## Honor Nurse On Departure For Kingston

Thirty-five nurses, members of the Overseas Nursing Sisters' Club, who served with different units of the Allied forces during the Great War in England, France, Belgium, Italy, India, Africa or Mesopotamia, gathered last week at the home of Mrs. Guy N. Peel, Newport Avenue, to honor Nursing Sister Louise MacDonald, A.R.N.C., who will be transferred from Work Point Barracks to Kingston Military College next month.

Miss Jean Kay, Miss Lazenby-Rose, Mrs. Leo O'Leary and Mrs. Robert Hogarth presided at the tea table, and the guests greatly enjoyed an impromptu musical programme provided by Mrs. Warren Morse, violinist, an out-of-town member from Port Angeles, who was accompanied at the piano by Mrs. O'Leary. Miss Lazenby-Rose, president of the club, presented Miss MacDonald with a delightful little painting of a typical Victoria scene, and while wishing her all success in her new post, expressed the sincere regret of all nursing sisters in the West, who were losing a beloved friend and staunch co-worker from the district.

## Hollywood Stars Are United in Marriage

Mary Pickford, now Mrs. Charles "Buddy" Rogers, Throws the Bride's Bouquet, After Her Marriage, Which Took Place in the Garden of Mr. and Mrs. Louis D. Lighton's Home in Bel-Air, Los Angeles, Last Saturday.

## Wedding at Port Alice Attended by Big Crowd

Miss Vivienne Lily Jones and Mr. Ivan E. Whyman United in Marriage—Couple Leave For Honeymoon on Mainland

PORT ALICE, June 29.—On Friday, June 25, at St. Paul's Anglican Church, Rev. William Govier officiating, a pretty wedding took place when Vivienne Lily, youngest daughter of Mr. and Mrs. David Lewis Jones, Port Alice, formerly of Victoria and Ladysmith, was united in marriage to Mr. Ivan Edward Whyman, formerly of Nanaimo, and now principal of Port Alice Superior School, son of Mrs. Nellie Whyman, Nanaimo, and of the late Mr. Edward Whyman.

The church, which was filled to capacity, was beautifully decorated for the occasion with ferns, flowers and silver ribbon, the color scheme being carried out in white, mauve and silver. The bride entered the church accompanied by her father, who gave her in marriage. She was lovely in a gown of white bridal satin with accented shoulders, the long-pointed sleeves and yoke having insets of Chantilly lace. It had an Elizabethan collar of lace, and a slight train. The veil, with face-veil, was held in place by a silver-lame pointed cap, made in Mary Queen of Scots fashion. Silver sandals completed this charming costume. The bride carried a bouquet of Talamas roses, and she wore a platinum and diamond brooch, the gift of the groom.

### PRETTY BRIDESMAIDS

The bridesmaids were Miss Sylvia Whyman, sister of the groom, and Miss Bernice Needham. They both wore jacket frocks of silk net, bouffant with frills and modeled over foundations of taffeta. Their dainty little halo hats were also of net, with valley lilies framing the face. Miss Whyman's costume was orchid in color, and Miss Needham's was Nile green. They both wore long silk lace mitts and carried nosegays of valley lilies and other small flowers in pastel shades.

The little flower girls, nieces of the bride—Lorna Joy Bickell and June Marie Brooks—wore dainty frilled organdie frocks over taffeta; Lorna in blue and June in pink. They wore head-bandeaux of tiny flowers and carried small nosegays to match.

The groom was attended by Mr. Henry Richmond. Messrs. David

and Raymond Jones acted as ushers. During the signing of the register, Mrs. John S. Kinnaird, the bride's sister, and Mr. Peter C. McGhee, sang "Because," Mrs. James Macrae presiding at the organ.

### WEDDING RECEPTION

Following the ceremony, a reception was held at the home of the bride's sister, Mrs. Leslie Keith Bickell, at which only relatives and a few intimate friends were present. The rooms were decorated with pink and white flowers and streamers. The three-tiered wedding cake rested on a table covered with a handsome lace cloth. Mrs. P. McGhee and Mrs. Bailey presided at the urns. There were many beautiful wedding gifts, which were much admired.

Mrs. Jones, the bride's mother, was attired in a frock of flowered navy chiffon with cream colored hat and accessories, and Mrs. Whyman, the bridegroom's mother, wore a redingote costume of black nylon over flowered silk, and her hat of black straw was trimmed with a tiny veil and flowers. Each wore a corsage bouquet of small roses.

The bride's traveling costume was a beige tailored suit flecked with turquoise blue, with blue lace blouse. Her smart little hat was of shiny brown straw. Her corsage bouquet was of pink roses.

### LEAVE FOR HONEYMOON

Following the reception, Mr. and Mrs. Whyman left for Victoria and Vancouver on the Princess Norah. They will spend some weeks in Vancouver, where Mr. Whyman will attend an extension course at the University, after which they will visit the bride's sister, Mrs. James E. Calder, at Kelowna. They will return to Port Alice about the end of August, and will make their home there.

Besides the bride and groom, those present at the reception were: Mrs. and Mrs. David Lewis Jones, Mrs. Nellie Whyman, Miss Sylvia Whyman, Miss Bernice Needham, Mr. and Mrs. Leslie Bickell and little daughter, Lorna Joy; Mr. and Mrs. Charles Brooks and little daughters, June and Carol; Mr. and Mrs. John Kinnaird and Master David Kinnaird; Rev. William Govier, Mrs. E. G. Bailey, Messrs. David W. and Raymond Jones, Dr. and Mrs. Lawson, Mr. and Mrs. Peter C. McGhee, and Mr. and Mrs. James Macrae.

## Weddings

### CLARK—HAYWARD

Mr. and Mrs. T. H. Hayward, Mills Road, Sidney, announce the marriage of their daughter, Dawn Gergettie, to Mr. George Watson Clark, only son of Mr. and Mrs. G. Clark, West Road, Sidney. The wedding took place quietly at St. John's Church, Victoria, on Friday evening, June 25, Rev. Canon Chadwick officiating.

### POLLARD—ANDREWS

The wedding took place on June 19 at the home of the officiating minister, Rev. W. G. Wilson, D.D., Pemberton Road, of Pearl Nightingale, only daughter of the late Mr. Robert A. Andrews and Mrs. Andrews, and Mr. Leslie Wilshaw Pollard, third son of the late Mr. Frederick J. Pollard and Mrs. Pollard. After the ceremony, the couple left

for a short visit to Vancouver and Seattle and will make their home in the Menzies Apartments, Victoria.

## Peerless Fashion Patterns

Edited by LAURA L. BALDY, A.M.  
(For many years Assistant Professor of Household Arts, Teachers' College, Columbia University, New York, N.Y.)

You'll love the child-like simplicity of the slim gathered waistline of this cool striped cotton dirndl morning dress.

It takes its inspiration from the Hungarian peasant fashion. Youthful and figure flattering, too! You'll fairly live in, wear it to the village to shop in for gardening for the porch and to the beach.

This smart dirndl dress can be slipped on and off without mussing your hair. It buttons right up the front to the little girl collar. It has useful patch pockets and bewitching puffed sleeves.

The square neck version with perky flared sleeves will keep you cool no matter how high the mercury soars.

A step-by-step instruction chart enables you to cut it out and finish it the same day.  
Style No. 2666 is designed for sizes 14, 16, 18, 20 years, 32, 34, 36, 38 and 40-inch bust. Size 16 requires 3 1/2 yards of 39-inch material.

The Summer Fashion Book is filled with lovely designs for everyday wear, which are easy and inexpensive to make.

**VICTORIA CITY TEMPLE**  
Members of the Victoria City Temple Society held their seventh annual banquet recently in the social hall. The tables were decorated in the club colors, purple and gold. Sixty members and guests were present. Miss Pearl Fiddlay presided, and introduced the guests artist and speaker. The honorary vice-president, Mr. G. A. A. Hedden, gave an interesting address, urging the young people to be alert and to utilize opportunities extended to them through the medium of the young people's society. He congratulated the officers and members for the progress they had made during the past term.

A varied programme of music, dances and recitations were arranged by the executive committee and consisted of recitations by Gwyneth Phillips and Barbara Oakley; tap dancing, Joan Sidwell; piano solos, Jean Earl and Jack Lacy. The three Pearson sisters Joan, Hazel and Vera, contributed two dances, beautifully dressed in butterfly costumes. On behalf of the society, Miss Findlay thanked those who had helped to make the occasion successful. A hearty vote of thanks was conveyed to the social conveners, Yvonne Prince and Elsie Findlay. Tribute was paid to the retiring officers for the splendid work they had accomplished during the past term.

**Daughters of St. George**  
The business meeting of Princess Patricia Lodge, No. 238, will be held on Friday at 8 p.m. in the K. of C. Hall. Members are reminded of the shower of articles for the garden party, the date to be announced at the meeting.  
Little Jones presented himself at the office with a noticeable gap in his upper dentures.  
"Hello!" was the cry. "Had an accident?"  
"No," was the reply. "Only a row with the missus."  
"What! You surely didn't come to blows?"  
"Oh, no!" said Jones. "But next time I gnash my teeth I'll remember to take my pipe out of my mouth."

## Miss Louise Patterson Is Bride of Mr. Foulis

St. Andrew's Presbyterian Church Scene of Evening Wedding—Reception at Oakbay Beach Hotel—Couple to Live at Quesnel

St. Andrew's Presbyterian Church was the scene of a largely attended wedding last night, when Louise Patterson, only daughter of Rev. J. S. and Mrs. Patterson, Lake Hill, formerly of Esquimalt, became the bride of Mr. Robert Ainslie Foulis, only son of Mr. and Mrs. Robert Foulis, 632 Lamson Street.

The bride's father conducted the ceremony, assisted by Rev. Samuel Lundie, Sooke, and Rev. J. Mackie Niven. Mr. Jesse Longfield presided at the organ, and as the register was being signed, Mr. Arthur Jackman sang "For You Alone."

### THE BRIDE

The beautiful bride, who entered the church with her elder brother, Mr. Harvey N. Patterson, who also gave her away, was attended by four bridesmaids, and they made a charming picture in their pastel-

shaded frocks. The bride's gown of ivory satin over shell pink was cut in princess lines with a full train, and had a cowl neck and long bishop's sleeves tapering to a point over the wrists, and was ornamented with a pearl buckle and clips. Her long embroidered veil was worn beneath a Tudor tiara of pearls, and was caught at the nape of her neck with a strand of orange blossoms, with a cluster falling at each side of her head. She carried a shower bouquet of orchids, roses and sweet peas.

### THE ATTENDANTS

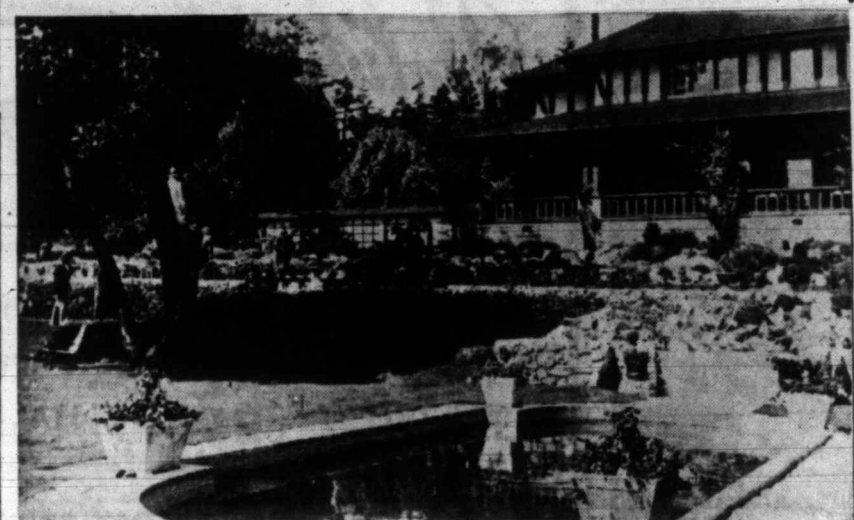

Miss Muriel Richards, the maid of honor, wore a redingote frock of yellow marquisette over satin, with leg o' mutton sleeves caught at the wrists, with wreaths of pastel-shaded flowers, which also adorned the round neckline. Miss Doris LePage, in green point d'esprit over peach satin; Miss Margaret Peddie, in blue over pink, and Miss Dorothy Baxandall in pink over blue, were the bridesmaids. Their redingotes were all trimmed with three rows of point d'esprit on flaring skirts, and were trimmed at the neck and wrists with pastel flowers. All four wore veils of tulle beneath coronets of flowers tied with ribbon streamers at the back in hues to match their frocks, lace mittens, and carried Colonial bouquets of flowers in rainbow shades.

Mr. Jack G. Patterson, brother of the bride, was best man, and the ushers were Mr. Maurice J. Davies, Mr. G. W. Powell and Mr. Wayne Butler.

### LOVELY DECORATIONS

The lovely decorations in the church were the handiwork of a bevy of girl friends of the bride. During the ceremony, the bride and groom stood beneath a white arch studded with roses, between tall

There will be stalls of home cooking, fancywork, etc.; games will be played, and tea and ices served. Buses will leave Victoria at 3:15 p.m.

## Social and Personal

### Entertains for Bride-to-Be

Mrs. Leslie Freer, Quadra Street, was hostess on Monday evening at a miscellaneous shower given to honor Miss Thelma Ostler, whose marriage to Mr. Ronald Reid will take place next month. The many gifts were concealed in a clothes basket which had been decorated with mauve and yellow crepe paper with an arch of the colored paper over the top which formed the handle. On this handle stood a miniature bride and groom surrounded with real orange blossoms. The color scheme of mauve and yellow was carried out with columbines, roses and other summer blooms in the reception rooms. Court whist was played, the winners being Mrs. Leonard Woodhouse, first, and Mrs. John Renfree, consolation. The supper table was prettily arranged with a lace cloth over mauve, the centerpiece consisting of pale yellow columbines and ferns in a silver basket and lighted by pale yellow tapers in matching holders. The guests were Mrs. M. Morry, Mrs. Peter Shandley, Mrs. Blair Reid, Mrs. L. Ostler, Mrs. Philip Hunter, Mrs. J. Kingscote, Mrs. Harry Smith, Mrs. W. Miller, Mrs. J. Renfree, Mrs. H. McDougall, Mrs. E. Bissenden, Mrs. Albert MaySmith, Mrs. Cyril Wilson, Mrs. Ernest Carter, Mrs. A. Harper, Mrs. Leonard Hemming, Mrs. L. Woodhouse, Mrs. J. Cathcart, Mrs. W. Morry, Mrs. Peter Campbell, Mrs. Ernest Morry and Misses Laurie Shandley (Seattle), Mona and Joyce Ostler.

### RECEPTION AT HOTEL

Rev. and Mrs. Patterson entertained a host of friends later at the Oakbay Beach Hotel, where candlelight shed a soft light over the scene. The guests were received in the private dining-room, and greeted the bride and groom, who stood in front of a bank of spiraea, blue delphiniums and Canterbury bells. Supper was served in the main dining-room, where the same color scheme was carried out in the floral decorations. The three-tiered cake centered the bride's table, which was covered with a drawn-thread cloth, and stood between tall white tapers in silver holders, and vases of spiraea and pinks.

Mrs. Patterson wore a French model lace gown in the new thistle shade, with a navy blue hat and shoes, and a corsage bouquet of white orchids, and Mrs. Foulis was in an imported black lace frock and a pink picture hat, and wore a corsage bouquet of pink roses.

### TO LIVE IN QUESNEL

After their honeymoon, Mr. and Mrs. Foulis will reside in Quesnel. For traveling the bride chose a frock of thistle silk, a French hat to match and beige accessories, with which she wore a brown Alaskan seal coat, the gift of the bridegroom. To the bridesmaids he gave beaded evening purses, and to the best man and ushers, gold cuff links.

Among the many handsome gifts received by the popular young couple were a silver tea service from the groom's associates in the Quesnel branch of MacDonald's Consolidated, Ltd., of which he is assistant manager; a coffee table from the Quesnel Golf Club; a chest of flat silver, and sugar and cream set, from the staff of the Dominion Experimental Station, Sidney, of which the bride had been a member for seven years; and a tri-lite standard lamp from the pathological department of the station. Knox Presbyterian Church presented the bride with a set of pyrex dishes; from the Epistol Sigma Alpha Sorority, she received a silver entree dish, and from her bridge club, a silver rose bowl.

## Guide Garden Party Will Aid Campsite Fund

In aid of the Girl Guide Campsite Fund, a successful and enjoyable garden party was held yesterday afternoon at the home of Mrs. G. Puleston Clarke, 1074 Munro Street, by the Esquimalt committee of the Victoria North Guide Association. Flowers were presented by several of the Brownies to Lady Barnard, Mrs. Alan Morkill, provincial commissioner, and Mrs. F. W. Mingley, commissioner for Victoria and North District.

Tea was served in the orchard under the direction of Mrs. W. E. A. Barkley, assisted by Mrs. Archer and the Guides. There were stalls of home cooking and candy, in charge of Mrs. A. Lockley and Mrs. W. Allan, and fortune telling and tea cup reading were in charge of Mrs. Moffatt, Mrs. Carter and Mrs. Warner.

An entertainment was arranged by the Guides and included displays in first aid, gold digging contest and two action songs.

An American tourist had an invitation to shoot over a large estate in England. On the evening before the shoot he went to see the gamekeeper.

"Say, I'm one of the crack shots in the United States," he said. "Tomorrow you'll be loading for me, and for every bird I miss I'll give you half a dollar."

After the shoot the gamekeeper went to the local pub and recounted the American's boast to a friend.

"And how did you get on," asked the other.

"Fine," retorted the gamekeeper. "If I'd had another blank cartridge I'd have made a level five."

### Entertains at Beach Party

Mrs. Martin Ellis, Brentwood, entertained at a tennis and bathing party yesterday afternoon in honor of Miss Elizabeth Macdonald. The invited guests included the Misses Elizabeth, Catherine and Jean Macdonald, Mrs. W. Merston, Mrs. J. Anderson, Mrs. A. C. Privett, Mrs. S. P. Birley, Mrs. C. Wightman, Mrs. Ian Douglas, Mrs. P. Tisdall, and Misses Elise Cobbett, Daphne Pooley, Calla Goldsmith, Clare Belson, Betty McIntosh, Pamela Beard and Virginia Goddard.

### "Breaking-Up" Party

Mrs. M. Mason, Richmond Avenue, entertained at a "breaking-up-school" party for her daughter, Eve. Dancing and games were enjoyed and a buffet supper was served at midnight. Those present were Misses F. Robertson, A. Peden, A. Morrison, D. Proby, E. Donaldson, Doris, Eva and Shirley-Anne Mason, and Messrs. T. Carney, R. Edmonds, P. Smith, P. Andrews, H. Maclean and W. Noel.

### Dinner Dances

The Empress Hotel is to revive the nightly dinner dances in the Tudor Grill. These have been discontinued since 1929, but will commence again on Thursday evening. They will be held each evening except Saturdays and Sundays from 7 to 9 o'clock, with Mr. W. F. Tickle's orchestra providing the music. On Saturday nights, there will be the regular dance in the ballroom.

### To Spend Summer Here

### Sketch Club

The last meeting of the Sketch Club of the Arts and Crafts Society was held at Saxe Point. The members returned to the Lyall Street

a pink and blue crinoline, the voluminous skirts falling over the box. The supper table was centred with pink and white roses, and a three-tier ice cream "wedding" cake held the place of honor. The guests were Mrs. Stephen Jones, Sr., Mrs. H. W. Miller, Mrs. Harry Buckle, Jr., Mrs. Howard Jones, Mrs. Hugh Rider, Mrs. Cyril Bernard, Misses Mildred Jones, Ruth Norton, Ardath Yardley, Muriel Winterbottom, Beryl Dixon, May, Irene and Ethel Miller, Gwen Barton, Gladwyn Beasley, Marjorie Brown, Betty Campbell, Elza Lovitt, Phyllis Dixon, Mary Angus K. Kermode, Helen Baird, Ivy Brown, Thelma Ackerman and Edith Adams.

### Birthday Celebration

An enjoyable evening was spent at the home of Mr. and Mrs. George Bennett, 1025 Clare Street, on Monday, the occasion being the twenty-first birthday of Mr. Dudley Keeler, for whom a surprise party was arranged. Court whist and dancing were enjoyed, the prize winners being Miss Mary Hickman, Miss Alma Keeler, Mr. George Bennett and Mr. Bruce Blay. A sit-down supper was served, a beautifully decorated birthday cake holding the place of honor on the table. After supper Mr. Bennett presented Mr. Keeler on behalf of his friends, with a silver cigarette box suitably engraved. Those present were Mrs. Keeler, Mr. and Mrs. A. Mallett, Mr. and Mrs. George Bennett, Misses Mary and Jean Hickman, Alma and Reta Keeler, Mary Bell, Loraine Traulore and Messrs. Dudley Keeler, Fred Holtum, Charles McNeill, Philip Salmon, Bruce Blay and Norman Williams.

### Presentation Made

Miss Phyllis Sutton, whose marriage is to take place shortly, was recently the guest of honor at a delightful tea arranged by the staff of Esquimalt Elementary School and

High School. Pink stocks and snapdragons made an attractive centre for the tea table. The tea urns were presided over by Mrs. H. W. Creelman and Mrs. A. Hutchinson. Miss S. Hanna and Mrs. C. Kelly assisted with the serving and Miss N. Hewlings cut the ices. In expressing their regret at the loss of an associate so capable and in extending good wishes to her for the future, Mr. Creelman presented Miss Sutton with a beautiful silver tea and coffee service.

### From Salt Lake City

Mr. and Mrs. Walter Clark, Kenilworth, near Salt Lake City, Utah, arrived here last week to attend the closing exercises at Brentwood College, where their son, John, has been at school for the past year, and for the annual prize-giving at Norfolk House School, where their elder daughter, Patsy, has been a pupil for the past two years. The entire family left last night for Banff, Calgary, and other Western Canadian points en route for Salt Lake City.

### WOMEN'S INSTITUTES

#### GANGES

The monthly meeting of the Ganges Institute was held, by the kind invitation of Mrs. N. W. Wilson, at her home "Barnsbury," Salt Spring Island. In the absence of the president, Mrs. Charlesworth, the vice-president, Mrs. W. M. Mount, was in the chair. Final arrangements were made for the flower show and woolcraft exhibition, to be held at the Mahon Hall on Saturday. In connection with this, a letter was read from Mrs. McMurdo, accepting the position of judge for woolcrafts. Mrs. J. H. Nunn, Sidney, will act in a similar capacity for the flower and plant section. It was stated that all woolcrafts for exhibition must be in the hall on Friday, the day before the show, and all flowers by 11 a.m. on Saturday. Mrs. W. M. Mount was appointed tea convener for the day. It was arranged to offer a prize for the best decorated tea table, the competition to be open to members only.

A supper committee, including Mrs. Wilson, Mrs. H. Johnson and Mrs. J. C. Kingsbury, was elected for the farmer's institute dance at the Mahon Hall on July 1, Mrs. A.

Campbell to be in charge during the evening.

Mrs. N. W. Wilson, who will leave in the middle of July for England and return in October, asked that in her absence a children's evening should be organized by the members with an arranged programme, the entertainment to take place when the prizes are presented to the winners of the children's garden competition.

For this purpose a committee will be elected at the next meeting of the women's institute on Friday, August 27, following the Summer vacation.

After the meeting Mrs. Wilson, who was assisted by her daughters, Misses Shirley and Bryde Wilson, entertained the members at tea, after which an enjoyable time was spent in the gardens.

I WAS BUYING COMPLEXION SOAPS Blindly

—until this "Patch" test opened my eyes

MY SKIN is delicate, easily irritated. I tried one toilet soap after another. Then a friend told me about the amazing "Patch" tests that were made on the skins of hundreds of women of every complexion type. These tests proved that Lifebuoy is more than 20% milder than many so-called beauty soaps.

"So I bought a cake of Lifebuoy and discovered the perfect complexion soap at last! I use Lifebuoy all the time now and I find my skin is much softer and smoother, has more freshness and 'life'."

Here's the reason, young lady. Gentle, super-mild Lifebuoy is also deeper-cleansing. Its bland, penetrating lather washes away pore-embedded impurities, reveals the skin's real beauty. To every woman who wants a lovelier complexion, we say, "Change to Lifebuoy!"

### What Today Means

#### CANCER

If June 30 is your birthday, the best hours for you on this date are from 9:45 to 1:45 a.m., from 1:45 to 3:45 p.m. and from 5:45 to 7:45 p.m. The danger periods are from 7:45 to 9:45 a.m., from 3:45 to 5:45 p.m. and from 7:45 to 9:45 p.m. Do not depend on others to do

things for you this day. Results will come only through your own efforts. Figures may not "lie," but if carelessly set down, added or manipulated, they can cause a great deal of trouble this day. Accountants, bookkeepers and cashiers will have to use caution if mistakes are to be avoided. A disclosure is likely to be made that will be very gratifying to you and perhaps profitable. Social errors through inattention are apt to occur, so it is advisable when in company to keep mentally alert. This

should be an auspicious day for furthering pet schemes, as well as asking favors. Married and engaged couples and those who are in love will show good judgment in not testing, for it is liable to have a decidedly irritating effect this day. If a woman and June 30 is your birthday, you have most likely a decidedly attractive personality. You cannot tolerate restraint, and usually do as you please regardless of the opinion of others. The chances are you will travel a great deal. Although

you have a depth of feeling, you more or less conceal it, which is asking favors. Married and engaged couples and those who are in love will show good judgment in not testing, for it is liable to have a decidedly irritating effect this day. If a woman and June 30 is your birthday, you have most likely a decidedly attractive personality. You cannot tolerate restraint, and usually do as you please regardless of the opinion of others. The chances are you will travel a great deal. Although

an enviable reputation. Every aspect surrounding your matrimonial prospects appears to be favorable. The child born on June 30 is generally a sturdy, independent youngster, fully capable of paddling its own canoe. Upon reaching its majority it will find many opportunities, and the chances are it will select the one that will enable it to make both a name and a fortune. If a man and June 30 is your natal day, your hands probably will be responsible for much of your suc-

cess. You ought to have an exceptionally well-developed brain and a progressive spirit. Through scientific research work, law, engineering, chemistry, medicine, journalism or painting your success is most likely to come. "Mammie, I'm sure daddy didn't sow the grass seed properly," said little Mabel. "What makes you say that, dear?" asked mother. "Well, I've been outside," said

Mabel, "and I have looked ever so hard, but I can't see the stitches anywhere." It was a sultry day, and the two sailors had just been released from a hot spell of duty aboard. Immediately they reached shore, they made a bee-line for the first public house they saw, and one of them ordered two quarts of ale. The men emptied their tankards in one draught, whilst the barmaid looked on in undisguised admiration.

The man who had paid stood a second or two wetting his lips meditatively, and then turned to his comrade with a grin. "Tain't so bad, Bill, is it?" he remarked. "Shall we 'ave some?"

## YORKSHIRE XI STILL ON TOP

Gains Victory Over Nottinghamshire to Stay in First Position

LONDON, June 29 (AP)—Yorkshire retained its hold on the leadership in the English county cricket championship by claiming first innings points from Nottinghamshire today. Derbyshire went into fourth place ahead of Gloucestershire by defeating the Western county yesterday. Sussex, beaten by Oxford University by three wickets in a non-county fixture remained in second place, with Nottinghamshire third.

Somerset turned in its fourth victory this season with a 263-run margin over Glamorgan. In other matches, Leicestershire won the first innings from Worcestershire and similar points were obtained by Surrey from Lancashire and Warwickshire from Northamptonshire.

A tight game between Hampshire and Cambridge University ended in a three-wicket victory for the students.

### THE SCORES

Nottinghamshire, 199 and 346 (Heane 73); Yorkshire, 379 and seven for no wickets; at Leeds.

Somerset, 189 and 318 for seven wickets, declared (Gimblett 129 not out); Glamorgan, 129 and 115; at Newport.

Worcestershire, 347 and 185 for three wickets, declared (Bull 101); Leicestershire, 399 and 24 for two wickets; at Worcester.

Lancashire, 337 and 96 for one wicket; Surrey, 446 (Gregory 76, Parker 77 not out, Watts 72, Barling 60); at Manchester.

Warwickshire, 304 and 72 for five wickets; Northamptonshire, 98 and 353 for seven wickets (Grimshaw 92); at Birmingham.

Sussex, 341 and 230; Oxford University, 225 and 347 for seven wickets (Mitchell-Innes 109); at Hove.

Hampshire, 316 and 285 (McCorkell 75, Yardley five for 41); Cambridge University, 461 and 142 for seven wickets (Hardley 64 not out, Heath five for 61); at Basingstoke.

### MANY SONG HITS OFFERED IN FILM

Gordon and Revel Write Tunes for "Wake Up and Live" At Atlas

Their paths remaining separated for many years, Mack Gordon and Harry Revel, noted song-writing team, are once more composing melodies for the two persons who first discovered them and started them on the way to success—Walter Winchell and Ben Bernie.

Nine songs have been completed for the Twentieth Century-Fox musical comedy extravaganza, "Wake Up and Live," which co-stars Alice Faye with the columnist and band leader, opening today at the Atlas Theatre.

Among them is a special melody dedicated to the pair by their admiring tunesmiths.

A couple of rising unknowns, Gordon and Revel were working on a show in 1931 when Winchell, im-

pressed, introduced them to Ben Bernie, who asked them to write for his band. Since then they have risen to foremost position among popular song-writers.

"CAPITOL" "Marked Woman," now showing at the Capitol Theatre, is tense melodrama dealing with the plights of a group of night club hostesses who are the unwilling "stooges" for a gang of racketeers. Bette Davis is starred in the title role, and is supported by an outstanding cast of players.

**COLUMBIA** Finely conceived mystery, gripping suspense and swift moving, thrilling action distinguish "Boss Rider of Gun Creek." "Buck Jones" latest Universal starring feature, which shows for the last time today at the Columbia Theatre.

**DOMINION** "Slim," which is now showing at the Dominion Theatre, is a picturesque outdoor drama dealing with those colorful young men who seem to have been neglected heretofore by novelists and scenarists—the linesmen who string high tension wires across the land.

**OAK BAY** The thrills and hu-

**THEATRE** man interest appeal of "Tundra," which is showing currently at the Oak Bay Theatre, are projected on a scale so vast that the film registers not only as unsurpassable entertainment, but can truly be described as an epic of the screen!

**PLAZA** Mary Brian is the girl who showed Ernest Bliss (Cary Grant), money-sick millionaire in "Romance and Riches," now at the Plaza Theatre, that there are things money can't buy. Mary and Cary are the latest team of screen sweethearts to set the hearts of fans a-flutter—and they are making a successful task of it.

### TRUSTEE FOR DOUKHOBORS

Continued from Page 1

Fifteen thousand acres of the 22,000 held by Doukhobors in British Columbia are included under the mortgage, and about 3,000 families are affected. The property consists of fruit, pasture, timber and farm lands.

The mortgage was given July 3, 1934, to be paid back in annual payments of \$10,000, with interest payable half-yearly. No payments have been made. It replaced two former mortgages, of which the first for \$250,000 was given to Peter Verigin the Elder in 1913. The second, in 1918, was for \$200,000.

Assessed value of the property is \$346,721, including improvements of \$262,813.

### WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Ready to go

The liver should give out two pounds of bile into your blood daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Get things up your stomach. You get constipated. Bile goes into the body, and you feel some, and the world looks pink.

A new bowel movement doesn't change at the moment. You need something that works on the liver as well. It takes time, and old Carter's Little Liver Pills get things going "up and up." Bile flows, and you feel the life flow freely. They do the work of colored bile, and have no colored dye in them. Ask for Carter's Little Liver Pills by name. Satisfactory return shipping also.

Provinces today to celebrate the thirty-second anniversary of the "Burning of Arms," which ultimately led to removal from their native Russia to Canada.

This year the annual congregation in this predominately Doukhobor settled Interior district amounted to little more than a social gathering. Their leader, Peter Verigin the Younger, who usually addresses his followers on June 29, was behind the bars of nearby Nelson jail, serving a three-month term of imprisonment for vagrancy.

Efforts by Doukhobors to have him released for one day so he might talk to them this afternoon were futile. Verigin's sentence runs to September 12.

## Cubs Stage Rally To Defeat Cards; Dean Loses Game

Chicago Clings to First Position in Flag Race by Turning Back Redbirds, 11-9—Giants Beat Phillies—Pirates Win Pair—Yanks Triumph—White Sox Set Back the Tigers

**NATIONAL LEAGUE**  
ST. LOUIS, June 29 (AP).—Explosive protests of the Chicago Cubs, intermingled with base hits and runs today as the fighting bruisers whipped the St. Louis Cardinals 11-9 and kept their leadership of the National League.

The game was won in the ninth inning on three hits off Dixie Dean, a walk and two errors, by Mickey Owen, rookie catcher, and the veteran St. Louis catcher and shortstop, Leo Durocher.

Dean pitched only the ninth, and fanned the first two, but was charged with the defeat, his seventh of the season, against eleven victories. Charlie Root got credit for the victory.

The defeat dropped the Cardinals into third place. New York's Giants, by winning today from the Phillies, 4 to 3, moved into second. R. H. E. Chicago 000 000 11-9. St. Louis 000 000 11-9.

**Back in Cellar**  
CINCINNATI, June 29 (AP).—Poor base running by the Reds gave Pittsburgh a 2-1 victory in the first game of a double-header today and the Pirates enjoyed a batters' feast to win the second game also, 13-6.

The double defeat shoved Cincinnati back into a tie for the National League "cool hole," from which they emerged only ten days ago.

**First Game—** R. H. E. Pittsburgh 000 002 000-2 9 1 Cincinnati 000 000 000-1 6 0 Batteries: Bowman and Todd; Derringer and Lombardi.

**Second Game—** R. H. E. Pittsburgh 000 010 170-13 17 2 Cincinnati 002 011 002-6 9 1 Batteries: Bauer and Padden; Valaer, Hoenes, and Brown; R. Davis and V. Davis.

**Ripple Leads Giants**  
NEW YORK, June 29 (AP).—With Jim Ripple getting four hits out of five times at bat, the New York Giants came from behind to whip the Phillies 4-3 in ten innings today.

Manager Bill Terry was laid up by a slight attack of ptomaine poisoning. The team was in charge of Catcher Gus Mancuso. R. H. E. Philadelphia 000 000 000-3 8 0 New York 000 010 010-4 8 0 Batteries: Mulcahy, Pausau and Atwood; Schumacher, Smith and Mancuso.

**Rookie Wins Game**  
BOSTON, June 29 (AP).—Lou Fette, thirty-year-old rookie right-hander, pitched and batted the Boston Bees to a twelve-inning shutout victory over the Brooklyn Dodgers today for his ninth victory of the season. The score was 1-0.

For eleven innings, Fette and Max Butcher were locked in a pitching duel. In the third extra frame, Elbie Fletcher led off with a single and moved up a notch on Al Lopez's sacrifice. Then Fette lined out a hit over Lavagetto's head for the only score of the game. R. H. E. Brooklyn 000 000 000-0 8 0 Boston 000 000 000-1 8 1 Batteries: Butcher and Phelps; Fette and Lopez.

**AMERICAN LEAGUE**  
CHICAGO, June 29 (AP).—Chicago's White Sox increased their margin over Detroit in the tussle for second place in the American League to two full games today by whipping the Tigers, 3-2, behind Monty Stratton's brilliant three-hit pitching.

The gangling Sox right-hander pitched six perfect innings in scoring his ninth victory of the season. Chicago started the scoring in the fourth when Eldon Auker, who allowed only six hits, committed a "boner." Rip Radcliff doubled and reached third when Rudy York dropped Auker's throw on Mike Kreevich's attempted sacrifice. Dixie Walker bounced to Auker, who had an easy play at the plate, but after hesitating, he wheeled and forced Kreevich at second, Radcliff scoring.

The Sox helped the Tigers to tie a major league record of having no men left on base. The three hitters were the only men to reach base, Fox and Goslin scored, and Rogell was eliminated by a double play. Zeke Bonura spearing Hank Greenberg's liner and throwing to Tony Piet to catch Rogell off third. R. H. E. **Ruffing Beats A's**  
PHILADELPHIA, June 29 (AP).—After blasting out homers to keep pace with the Athletics, the New York Yankees fell back on a pinch single by Red Ruffing to pull out a 3-2 decision in the ninth inning today.

An infield hit by Ruffing, batting for Spurgeon Chandler, sent Jake Powell home with the deciding tally after George Selkirk had hit his seventeenth home run in the third.

## ELIMINATIONS REDUCE FIELD

Play Advances at Willows in Victoria Lawn Tennis Club Tourney

Straight set victories marked play in the open events staged as eliminations continued in the Victoria Lawn Tennis Club tournament yesterday at the Willows. ## Vaughan Slides Home Against Giants

This fast bit of action at the plate was supplied by Arky Vaughan, Pittsburgh Pirates shortstop, as he slid safely across the home plate to score a run on Todd's grounder to Bartell. New York Giants' shortstop, Bartell threw the ball home to try and cut off a run at the plate, but the ball got away from Catcher Gus Mancuso, and Bartell was charged with an error. The ball can be seen as it bounced away from Mancuso.

## Three Canadians Seeking Diamond Sculls at Henley

HENLEY-ON-THAMES, England, June 28 (AP).—Three Canadians were included in the draw today for the Diamond Sculls, the rowing classic of the Royal Henley regatta beginning Wednesday.

The draw sends Johnny Coulson, of Toronto Argonauts, against C. A. Christiansen, of the Christensia Rowing Club, in the first heat; Noel Demille, Vancouver sculler, now representing a British club, against J. Hasenohr, of Russelsheim, Germany; and C. A. (Chuck) Campbell, Don Rowing Club, Toronto, against P. J. Jackson, star of the London Rowing Club.

Canadians are not competing in the other events, although Hart P. V. Massey, son of the Canadian High Commissioner in London, will cox the Balliol College (Oxford) eight in the Ladies' Challenge Plate.

## Opening Test Cricket Finishes in Deadlock

Youthful Eleven From "Down Under" Wages Gallant Fight to Gain Draw Against England—Two More Matches on Schedule

LONDON, June 29 (AP).—Congratulations went to New Zealand's youthful cricketers tonight for waging a gallant fight against England in the opening test match of the present tour. The Antipodeans, defending stubbornly, forced a draw when victory appeared to be in sight for their opponents.

With five second-innings wickets down for 99 runs at the tea interval today, 256 runs were needed by the tourists to avoid defeat. Their tail-end batsman stonewalled effectively and time was called with two wickets still to fall.

Against the home team's totals of 424 and 266 for four wickets, declared the New Zealanders made 295 and 175 for eight wickets. The

stalemate was the tenth in twelve international encounters between the two countries to date, England winning the other two contests. Two tests remain to be played in the present series.

Seven thousand saw the Mother Country bat this morning without Wally Hammond, Gloucestershire star, who is suffering from knee trouble. In the New Zealand second innings, George Hart, young Middlesex player, substituted for Hammond in the field. J. Kerr, New Zealander, who was struck by a rising ball yesterday, played with two stitches in a wound in his chin.

After the last visiting batsman had been disposed of soon after play was resumed today, England's representatives hit out vigorously to score 226 for four, R. M. V. Robins, the captain declaring at lunch. Charles Barnett made shreds for a first innings' failure by scoring 83 not out. The Gloucestersman was at the wicket one hour and forty minutes, hitting 14 fours in a faultless innings. Joseph Hardstaff followed up a century in his first turn at the wickets with 64.

The better-known New Zealanders failed again as the team set about getting the 356 runs necessary for victory. M. W. Wallace, who scored 52 yesterday, turned in 56 today and he was assisted by J. L. Kerr with 38 not out. The latter started out to hit, scoring eight fours, but as his colleagues were retiring quickly he "sat on the splic" so effectively that for the last 30 minutes he did not score a run.

**THE SCORE CARD**

Music Hath Charms—Domenico Cimarosa was born in Aversa, Naples, in 1749, the son of a mason and a laundress. Between 1774 and 1787, he wrote no less than forty-nine grand operas, each of which was a brilliant success. He was honored by two great foreign sovereigns, Catherine II of Russia and Joseph of Austria. He returned to his native Naples in 1793 and resumed his successful operatic work. His activities finally displeased King Ferdinand of Naples, at whose order the maestro was seized and sentenced to death. Powerful interest intervened for the composer, and the King consented to commute the sentence to lifelong exile. Cimarosa died in Venice, which was an Austrian possession at the time, in 1801. The popular has long suspected that he was poisoned by the orders of the Neapolitan Government. The King repeatedly uttered his apprehension that Cimarosa's facile and prolific talent for entertainment would cause the Neapolitans to lose their military ability and manly virtues.

## ENGLISH GIRL PUTS OUT U.S. NET STAR IN DAY'S SURPRISE

Scores Straight-Set Victory Over Helen Jacobs, Defending Titleholder, 6-4, 6-2—Alice Marble, Jadwiga Jedrzejowska and Rene Mathieu Advance—Men's Semi-Finals Today

WIMBLEDON, England, June 29 (AP).—Dorothy Round, England's twenty-seven-year-old top ranking player, pounded Helen Jacobs out of the all-England tennis championships today to threaten for the title the United States has captured eight times in the last ten years.

In a stunning upset, Miss Round, daughter of an English clergyman, eliminated Miss Jacobs, defending champion, 6-4, 6-2, and joined Alice Marble, United States titleholder; Jadwiga Jedrzejowska, hard-hitting Polish girl, and Mme. Rene Mathieu, of France, in the semi-finals.

Thursday's pairings will send Miss Marble against Mlle. Jedrzejowska and Mme. Mathieu against Miss Round.

**GREATEST TRIUMPH**  
It was a day of form reversals, but Miss Round's triumph was the greatest. The English girl, soon to be married to Dr. Douglas L. Little, held the Wimbledon championship in 1934, but was seeded only seventh for the current tournament.

Today she hit the peak of her form and the Berkeley, Cal. girl never had a chance. Miss Jacobs held a 4-2 lead in the first set when the English star began an unstoppable rush. She ran through the four games in a row for the

set and then held a 4-1 advantage in the second set. The champion fought back gamely, but Miss Round ran her all over the court and then dropped tantalizing shots for point winners.

Miss Jacobs seemed to be playing about her usual game, but Miss Round's canny play kept her on the defensive.

Miss Marble, seeded fifth, surprised the capacity centre court gallery of 15,000 by eliminating the second seeded German star, Mme. Hilda Krahwinkel Sperling, who now makes her home in Denmark, 7-5, 2-6, 6-3.

**EASY PASSAGE**  
Mlle. Jedrzejowska, who has beaten Miss Jacobs once and Miss Marble twice this year, had an easy passage into the semi-finals, trouncing Peggy Scriven, of England, 6-1, 6-2. Mme. Mathieu, seeded sixth, routed the Chilean ace, Anita Lizana, 6-3, 6-3.

Tomorrow's programme will be topped by the men's semi-finals, in which Don Budge, principal United States hope and favorite for the title relinquished by Fred Perry, battles his compatriot, Frankie Parker, while Baron Gottfried von Cramm, of Germany, opposes Henry Wilfred (Bunny) Austin, of England.

**Longshoremen and Kents Booked for Holiday Fixtures**

LEADERS in the senior "A" division of the Kitsano Softball League, Watkins-Winram, Vancouver softball nine, will be here tomorrow for a "show-off" exhibition series with local "fines."

The inter-city fixtures are being staged at the Royal Athletic Park at 2:30 o'clock and 6:15 o'clock. Victoria Longshoremen, second berth line in the local senior division, will provide the opposition for the visitors in the matinee attraction, and Kents will meet the Mainlanders in the nightcap. Watkins-Winram won a double-header from the Ski and Sport Shop, Vancouver, recently. The scores were 2-1 and 3-2.

Straight-Set Triumphs Are Registered in Tennis Play At Hillcrest Club

With two-set triumphs in all matches, play continued yesterday in the Hillcrest Tennis Club's annual tournament on the club courts, Fraser Street.

Playing in defence of her women's singles crown, Mrs. Ralph Butler defeated Miss Borrowman, 6-1, 6-4. In the men's doubles, Bowden and Warden won from Bourne and Smith, 6-0, 6-3, and Butler and Wright defeated Shanks and Betchelor, 6-1, 6-3.

In the only mixed doubles match played, Miss Biddy Boyce and Evans stroked their way to victory over Miss Thompson and W. Clarke. The scores were 6-3, 6-4.

Dropping only one game, Misses L. Northing and E. Herrin defeated Misses V. Rowlands and E. Jephson, 6-1, 6-0, in the women's doubles.

Tonight's draw follows: 6:00—Stewart and Elliott vs. Temple and C. Clarke; Mrs. McIntyre and Mrs. McQuade vs. Mrs. Butler and Miss Taylor; Misses D. Tyrrell and B. Borrowman vs. Misses Parkinson and Hicks.

## American Golfers Take Lead in Cup Series in England

Capture Scotch Foursomes as Play Opens for Ryder Cup by 2½ to 1½ Score—Nelson and Dudley Trim Padgham and Cotton in Feature Match—Singles to Be Played Today

SOUTHPORT, Eng., June 29 (P).—America's professional golfers, blown out of many a British championship in the past, stood up bravely today in the face of a wild wind from the Irish Sea, to take a 2½ to 1½ lead over Great Britain in defence of the Ryder Cup.

Playing Scotch foursomes in a land where they never have won the cup, the United States players gained their single-point advantage by virtue of the most astonishing victory in the recent history of British golf.

The hero of this victory was twenty-five-year-old Byron Nelson, slim Texan. The youngster, paired with veteran Ed Dudley, beat the British star pair of Henry Cotton and Alf Padgham, past and present

British Open titleholders, by 4 and 2.

Ralph Guldahl and Tony Manero, United States Open champions of this year and last, defeated Arthur Lacey and William J. Cox, 2 and 1. Gene Sarazen and Denny Shute, America's team of former British Open champions, finished all even with Charles A. Whitcombe, veteran British captain, and his young partner, David Rees.

### BRITISH VICTORY

Britain's Percy Allis and Richard Burton won by 2 and 1 over Henry Picard and Johnny Revolta, the United States pair that won the international four-ball title three years in a row.

In the final day's play tomorrow, eight thirty-six-hole singles matches will be contested. Hagen pulled Revolta out of the United States line-up to make room for Sam Snead, the prize rookie, who was an unhappy spectator today. Horton Smith, tenth member of the cup-defending squad, also was to have seen action tomorrow, but asked to remain on the sidelines because of an ailing back.

The British team, because of Cotton's defeat today, dropped the man who is generally conceded to be the country's outstanding pro to the No. 4 position for the singles.

The pairings for tomorrow: Guldahl vs. Padgham, Shute vs. Sam King, Nelson vs. Rees, Manero vs. Cotton, Sarazen vs. Allis, Snead vs. Burton, Dudley vs. Alf Perry (British Open champion two years ago), and Picard vs. Lacey.

### GOLF FACTS NOT THEORIES

Alan Morrison

I have always told my pupils to take it as easy as possible in starting both practice and play. I've yet to see a player do such a thing. Something seems to road the player to make a flying start.

Without waiting to loosen up muscles and joints that have in all probability been unused for several days, he takes a cut at the ball, hit or miss. In most cases it means a miss. Hooking, slicing, in fact everything right down to whiffing the ball. And, even though the idea is obviously wrong or keeps on for several holes, often for the entire round.

Such players are optimists indeed, for they expect the next grunt to bring off that long shot they admire so much. If they would start driving with a brassie or spoon, and use a comparatively short and easy swing for four or five holes, they would soon hit their stride and stand a much better chance of getting the desired power. It isn't in the cards for any player, no matter how expert, to start off swinging at his very best.

If you want an easy way to take several strokes off your score, just take it easy for the first six holes.

## OARSMEN WILL SEEK LAURELS AT ELK LAKE

Vancouver, Portland, Brentwood and J.B.A.A. to Compete in Annual Event

The sheltered waters of Elk Lake, with its Henley course, will be the scene of the annual regatta of the North Pacific Association of Amateur Oarsmen on July 1, 2 and 3. Held under the auspices of the Victoria J.B.A.A., the event will attract oarsmen from Vancouver, Portland, Brentwood and the local organization.

The rowing events will commence at 3 o'clock on Thursday afternoon with junior singles, junior doubles, 140-pound singles, junior fours and 140-pound fours. Senior oarsmen will take to their craft Friday with singles, 140-pound fours, doubles and fours listed on the attractive programme. Saturday will see the eight-oared crews in action with events for seniors and 140-pound eights. Novice singles, doubles and fours will be staged. Post entries will be received for these events.

Speedboats will skim over the waters of Elk Lake on July 1. Time trials will be held from 11 to 12 o'clock, to be followed by a programme of racing from 1 to 3 o'clock.

Starting at 10:30 o'clock on the morning of July 1, the annual through-Victoria rowing races will be held from the Gorge to the Inner Harbor. All crews will be members of the J.B.A.A.

### Basil James Has Four Home First

NEW YORK, June 29 (P).—Basil James, eighteen-year-old Sunnyside, Wash., rider, gave Delaware turf fans a display of the horsemanship that carried him to the 1936 United States Jockey championship, today when he booted home four winners and figured in the money in two other events at the new Wilmington track.

### Dr. Robert Laird Head of Alliance

MONTREAL, June 29 (P).—Rev. Dr. Robert Laird, of Toronto, was elected president today of the Alliance of Presbyterian and Reformed Churches, at the closing business session of the fifteenth quadrennial conference.

Rev. Dr. George H. Donald, of Montreal, was named Western vice-president, and Rev. Professor Adolf Keller, of Geneva, Eastern vice-president.

The Victoria West Lawn Bowling Club will hold its usual holiday game tomorrow, Dominion Day, commencing at 2 o'clock. A doubles match will be played and a cordial invitation is extended to visitors. Prizes will be awarded the highest score.

### Louis Goes Down in First Round

In case some people are still doubtful as to whether Joe Louis, recently crowned heavyweight champion of the world, slipped and fell to the canvas in the first round of his title fight with James J. Braddock, here is a magic eye strip that will settle all doubt. As can easily be seen, Braddock landed a hard right smash to Louis' jaw that cleanly knocked him to the floor. Joe got up without taking the count and went on to win the fight with a series of lefts and rights to Braddock's head which proved too much for the former champion. He was knocked out in the eighth round of the scheduled fifteen-rounder fought at Chicago.

## BISLEY MEET NEXT MONDAY

Canada's Squad Getting Set For Opening of Big Event In England

BISLEY CAMP, England, June 29 (P).—Canada's team of eighteen military marksmen is all set for the seventy-fourth annual meeting of the National Rifle Association, which brings the best shots in the Empire to Bisley for intensive competition opening next Monday and concluding with the final stage of the King's Prize on July 17.

The Canadians have already had ten days of valuable training and are settling down nicely. All ranges have been fired over with satisfactory results. Particularly valuable was a friendly match fired yesterday with the Cambridge University Rifle Club over the long 900 and 1,000-yard ranges under the same conditions used in the historic Mackinnon Challenge Cup match two weeks hence. The Canadians won this match.

Sergt. T. A. Jensen, Innisfail, Alta.; Lieut. S. Johnson, Calgary, and Sergt. J. Kier, Vancouver, were selected members of Sir Lionel

### Heywood Avenue Will Be Scene Of Novel Event

WITH entries expected from Portland, Seattle, Port Angeles, Vancouver and all Vancouver Island points, Victoria's Diamond Jubilee fly and bait casting championships will be held at Heywood Avenue on Saturday, July 10, commencing at 2 o'clock. The event is being staged under the auspices of the Victoria Fish and Game Protective Association. Many handsome trophies and prizes have been received for the different events, and members of the committee in charge yesterday announced that there will be three prizes for each event, in addition to the two grand aggregate championship cups. The competition is open to all sportsmen and is believed to be the first of its kind in Canada. The aggregate trophies are emblematic of the championship of Vancouver Island.

## CUP TOURNEY TO COMMENCE

Women Bowlers to Compete For Island Title at Burnside Greens

Play for the Wenger Cup, emblematic of the women's singles lawn bowling championship of Vancouver Island, will open at the Burnside Club greens on Saturday. ### WINS JULY STAKES

NEWMARKET, Eng., June 29 (P).—Age Khan's Mirza II, odds-on favorite at 6 to 100, today won the July Stakes for two-year-olds, defeating Miss Dorothy Paget's Jubilee Day by six lengths. E. T. T. Thornton-Smith's The Fox and The Duke was third in the field of four, finishing the five furlongs 140 yards four lengths behind Jubilee Day.  
Jubilee Day and The Fox and The Duke both started at 25 to 1. The winner is a bay colt by the 1930 Derby winner Blenheim and Mums Mahal.

## WHY THE "JACK" IN UNION JACK

"The Star-Spangled Banner" explains itself; likewise the "Tricolor" of France. But who put the Jack in Union Jack?

This curious term, which is the only name by which we know the British flag, has been the subject of much surmise, and its history is quite unique.

In ancient times, every English soldier in the field wore the protecting "jaque" or surcoat (overall), which was a garment of padded leather, interspersed with pieces of plate armor bearing upon the breast the crimson cross of St. George.

When the soldiers boarded a ship, their jaques were placed next to each other along the bulwarks, in the same way that the Romans arranged their shields on board their galleys.

So this line of jaques afforded the men protection against the arrows of their adversaries on the

water, and by the device upon their outer side proclaimed the nationality of the ship—an important consideration since, excepting the King's own ship, which flew the royal arms on a silken sail, there was no other indication of a boat's country of origin.

In the course of time, when the line of jaques was no longer needed along the bulwarks, a solitary specimen was displayed at the bowsprit, the name "Jack" coming into use for the flag that superseded it.

In 1801 the three kingdoms of England, Ireland and Scotland were formally united and the British flag was made a combination of the Cross of St. George for England, St. Andrew for Scotland and St. Patrick for Ireland—the composite making the British flag the "Union Jack."

Whistler, the famous artist, was once walking with a friend when he stopped abruptly beside an astonishingly dirty specimen of the London street arab.

The boy fidgeted a little under Whistler's prolonged scrutiny, and was on the point of moving off when the artist asked abruptly: "How old are you?"

"Seven, sir," was the reply.

"Oh, you must be more than that!"

"No, sir," the boy protested. "I ain't!"

"Are you quite sure?"

"Yes, sir, I'm just seven."

Whistler turned to his friend. "I don't think," he commented, "he could get so dirty as that in seven years, do you?"

Judge—"You were found under the bed with a bag of tools. Why?"

Burglar—"Force of habit, your worship. I used ter be a motor mechanic."

## KIWANIS HEARS NOTED SPEAKER

Dr. H. T. J. Coleman Explains Meaning of Citizenship at Club Luncheon

Basing his address on that part of the American Declaration of Independence: "The inalienable and unalterable right—to life, to liberty and the pursuit of happiness," Dr. H. T. J. Coleman, head of the department of philosophy of the University of British Columbia, gave members of the Victoria Kiwanis Club an intimate pattern for citizenship.

Dr. Coleman was speaking at a luncheon meeting of the club at the Empress Hotel yesterday.

The title of his address was "What is a Canadian," and because of a better means of illustration, he selected the Declaration as being best suited. He made a careful analysis and gave a clear definition of the three particles of the Declaration he quoted, life, liberty and the pursuit of happiness.

### MODERN CIVILIZATION

Of life, he said, there was the ever-present desire to create, to build. It was the driving force behind all animal creation. Liberty was the fundamental of spiritual growth that went even deeper than intellect and implied ordered liberty and not license and was compatible with law and government and gave to man that priceless possession of being able to "speak the things we will." It was, he stated, the very root of modern civilization.

He asserted happiness was not to be likened too much to pleasure. It was not attained by pursuit, but was a by-product of ordered social life.

Concerning the national citizenship of people, Dr. Coleman said: "We can think in terms of our continent, but we must go beyond. We must get beyond the village. The part that each individual fills is like that of a stone in an arch, small but indispensable."

Dr. Coleman was introduced by Ralph Mathews and the vote of thanks was proposed by Dr. S. J. Willis. Arthur Dowell, vice-president of the club, presided.

## CITY DISPOSES OF FOUR PROPERTIES

Property sold by the city this week included an old residence on the east side of Carberry Gardens to Kenneth P. Irvine and Wilfred B. Dilworth for \$400. Plans call for conversion of the dwelling into a two-suite apartment building at a cost of \$1,500.

A lot on the north side of North-ast street, between Southview and the city hall, was disposed of to James Kennedy for \$150. William H. Davies' offer of \$50 for the easterly twenty-five feet measured parallel to the northerly boundary of a lot on Coventry Avenue was accepted.

An offer of Arthur Thrippleton to pay \$30 for a lot on the northerly part of Lionel Street was accepted. James Mullard's offer of \$75 for a lot on Hillside Avenue, east of Shelbourne Street, was also accepted.

"I suppose you've got some prying neighbors, dearie?"  
"Have I! They're prying caps off beer bottles day and night."

## Jane Dixon Says:

WHEN THE HEART IS KIND AND THE INTENTION HONEST, WE HAVE NOTHING TO FEAR BY REASON OF OUR SOCIAL BEHAVIOR

When the heart is kind and the intention honest, we have nothing to fear by reason of our social behavior.

For our convenience, certain rules of social conduct have been established. Those of the rules worth observing are the fruit of usage which has proved them beneficial as well as graceful. For example, a socially well-mannered person eats peas with a fork instead of mixing them with the mashed potatoes and shoveling them in with a knife. Why? Because a carelessly handled knife cuts a too-eager mouth. And because it takes a certain amount of grace to balance properly prepared peas, which should be round and fat and rolling, on the prongs of a fork.

The prissy social conformist, the one who forever is in hot water about what should be done and how to do it, is a first-rate bore, a mud-dler and a parlor pest.

Love for our fellowmen and a sincere desire to treat them with courtesy and with kindness will keep us out of trouble and make us a desirable component part of any company.

Miss Dixon:

I want to invite a young woman of my acquaintance to attend, with me, a dinner and dance being given by the office force of the company for which I work. It's a very nice affair and the people are all regular. We don't send out printed or engraved invitations. What is the proper way to invite the young woman?—C.G.S.

Answer: Write her a friendly, but informal note and ask her to be your guest for the dinner-dance. Or make it a point to see her and extend a personal invitation. In other words you like the girl, you like the party and you hope she will enjoy it with you. Tell her so.

Jane Dixon:

My best friend who is a girl, very careful about the way she behaves, tells me I'm all wrong about the way I introduce people. She says I ought to introduce everybody to the most important person first and then on down the line in order of their importance. Is she right?—Janet.

Answer: If she were right many feelings would be injured at parties. People are relatively important. A guest of honor at a party, no matter what his or her status in social professional or public life, is the top person present for as far as introductions are concerned. Seniority of years plays an important role. Present younger guests to the seniors. Present men to women, "Mrs. A., may I present Mr. B.?" Try to get congenial people together so that they may be amused or entertained by one another. Whom you meet is more important than how you meet. Remember this rule and you can't go wrong.

Dear Miss Dixon:

I'm invited to a party, but I haven't a dinner coat and I'm afraid all the other men will be wearing them. I could rent one, but the idea doesn't hit me right. What is your advice?—Carl K.

Answer: I can tell you, Carl K., only what I would do. If the guests at the party were real people, such folk as take one for what he or she is for the trimming. I'd go to the party and wear my own clothes pressed and done up in their best style. If it is the other sort of party, wherein to shine you must keep up with the Joneses. I'd skip it. It is the count of your mind and of your heart, not the cut of your clothes that makes you a desirable guest at a worth-while party.

## Local Boy's Photographs Remarkable

ALAN BEST

In The Sphere of April 17 is a page of remarkable photographs, the first successful camera studies of the Birds of Paradise displaying their wonderful variegated plumage at the mating season, when they raise their glorious orange-gold feathers so as almost to enclose their bodies, and, after various striking poses, conclude with a weird sort of dance.

These photographs were taken by Alan Best, a young sculptor at present assistant curator of birds at the London Zoo, though he belongs to this part of the world, having been educated at Shawigan Lake School, his home being on Salt-spring Island, where his parents still reside.

It has always been considered impossible to photograph these birds in this state, as they invariably choose a dim light for their "performance," and during the ten years the Birds of Paradise have been at the London Zoo, no successful pictures of this nature have been taken. However, this Spring after a long series of patient and painstaking experiments by Alan Best, very gradually increasing the light to 500 watts, then by slow steps to 1,200 watts, and so on, with a special screen rigged up for the photographer, a moving picture was finally obtained, and the pictures published in The Sphere are some of the poses in the series.

Professor Julian Huxley, writing on behalf of the Council of the Zoological Society of London, describes it as "a remarkable achievement."

## FIREMEN TO HAVE NEW TROUSERS

Arthur P. Phipps, former member of the police force, has been made department after six months' probation.

The city this week will purchase 150 firemen's blue wool uniform trousers for the department from Turner Beeton & Company, Ltd., at a price of \$28 per dozen. The purchasing agent is calling for tenders to supply the department with seventy-seven uniform caps.

## SHAWNIGAN LAKE SCHOOL CLOSES

Final Exercises Held With Speeches And Displays by Students—Parents Are Guests

SHAWNIGAN LAKE, June 28.—

The Shawnigan Lake School was on fete on Friday and Saturday on the occasion of the closing exercises of the year. Festivities commenced Friday evening with physical exercises by the whole school in the cricket field by two squads of boys under the direction of J.

Stoddard, while another squad gave an exhibition of jumping.

### BOAT PROCESSION

As darkness fell, myriads of colored lights twinkled from an illuminated boat procession. Thirteen boats from the school and three from Strathcona Lodge School, with Japanese lanterns, formed the procession, led by two cutters rowed by the boys. Colorful rockets sent off from a float on the lake completed a fairy tableau.

The programme on Saturday started with a cricket match between the school and a team composed largely of old boys under J. Y. Copeman, school governor.

On the platform for the Speech Day programme were the governors of the school, Sir Percy Lake, Sir

Richard Lake, J. Y. Copeman, Mr. Groves and C. W. Lonsdale, the headmaster, accompanied by Colonel P. M. Slater. Colonel Slater proposed a toast to the school.

### SUCCESS OF SCHOOL

C. W. Lonsdale, in introducing Colonel Slater, thanked him for accepting the invitation, and expressed his own pleasure at being present again at Speech Day after last year's absence. He spoke of the growing success of the school in work and games and announced the gaining of a scholarship at Harvard by D. P. Oakes and the recent successes of an old boy, Desmond Bradford, at Kingston Military College. Since Saturday, the school has heard of the success of J. McIntosh in gaining entrance to the California Technical College.

The prizes were presented by Colonel Slater, after which the guest speaker was thanked by Mr. Groves on behalf of the governors of the school.

## NO COMPETITION FROM NEW FLOAT

Alderman W. T. Strath Reports on Proposed Landing for Fishermen in Harbor

In reporting on the floating mooring for fishermen, the City Council is urging the Federal Government to construct south of the Johnson Street Bridge, Alderman W. T. Strath, chairman of the harbor committee, stated he did not believe such a mooring would cause unfair competition with other private docks. He pointed out the Government had constructed similar

facilities at several other Vancouver Island ports.

He was of the opinion that an application for a change in the harbor line should be made by the Federal Government, and also that the City Council should undertake to construct a necessary road to highwater mark at a cost of approximately \$300.

At a meeting of the council Monday evening, it was decided to withdraw from tax sale all land abutting the site of the proposed mooring.

"This is Brazil!" exclaimed the radio enthusiast with pride as he twiddled the knobs of his set. "Yes," said his son, as the static began; "I can hear them cracking the nuts!"
